From the leading independent travel and style magazine Cereal comes Cereal City Guide: Paris: a portrait of the French capital offering a finely curated edit on what to see and do for discerning travelers and locals alike. Rich Stapleton and Rosa Park, Cereal's founders, travel extensively for the magazine and were inspired to create a series of city guides that highlighted their favorite places to visit. Now, after building a loyal readership that counts on their unique, considered advice, they are relaunching the books with a fresh design and new content. Rather than a comprehensive directory of all there is to see and do, these Cereal City Guides offer instead an edit of points of interest and venues that reflect Cereal's values in both quality and aesthetic sensibility. Rich and Rosa have personally visited hundreds of venues in Paris, distilling their preferred locales down to their firm favorites. From lively, local-filled cafés to design-driven boutiques that channel the inimitable Parisian savoir faire, these are the finds that that will offer a more personal take on the city. Meticulously researched and illustrated with original photography, each guide includes: photo essays of striking images of the city an illustrated neighborhood map interviews and essays from celebrated locals such as Patrick Seguin of Galerie Patrick Seguin, artist Frédéric Forest, and more lists of essential architectural points of interest, museums, galleries, day trips outside the city, and unique goods to buy an itinerary for an ideal day in Paris Cereal City Guide: Paris is a design-focused portrait of an iconic city, offering a distinctive look at the best museums, galleries, restaurants, and shops. Also, check out Cereal City Guide: London and Cereal City Guide: New York.

The restaurant industry saw growth of roughly 5% in 2018 and expects to see that trend continue through 2019 and beyond. New restaurants pop up in almost every neighborhood every week/month. But some, despite serving great food, struggle to survive. Startup costs can be exorbitant; from \$250,000 to \$425,000 just to open and operate for the first 6 months. With an investment of that size, the aspiring restaurateur needs to do quite a bit of homework to ensure they're doing things right. Even if your startup costs are a fraction of that, having a handbook of 'what to do / what NOT to do' would make the journey that much easier. Michael Politz has learned MANY lessons from during his time in the hospitality industry; some learned through great success, others learned through failure. But those lessons helped him grow from a small ice cream truck business to founder of a number of restaurants, a frozen food distribution business, a restaurant consulting business, and a massive online magazine for the food and beverage industry. Given what Michael has learned through his own successes and failures as well as those of his inner circle (which consists of names like Wolfgang Puck, Bobby Flay, Emeril Lagasse, and more), that knowledge will help frame this 'how to' guide for restaurateurs on every level. Whether you want to open a burger joint or a high end bistro, this handbook will help you to be sure you've dotted all your I's and crossed all your T's before, during, and after your launch.
