Investing in a gold mutual fund is another smart way to protect yourself against inflation and provide a hedge against economic shock. If you already have an existing portfolio, you can diversify between 10% and 20% into gold savings funds to take advantage of ETF stocks that directly depend on the price of physical gold.

Michael Maloney is widely recognized as a leading expert on monetary history, economics, economic cycles investing, and precious metals. He is CEO and founder of GoldSilver.com, one of the world's largest gold and silver bullion dealers, CEO and founder of WealthCycles.com, an educational website, and host of the most popular video series on the topics of monetary history, economics and economic cycles, The Hidden Secrets of Money.

"Throughout the ages, many things have been used as currency: livestock, grains, spices, shells, beads, and now paper. But only two things have ever been money: gold and silver. When paper money becomes too abundant, and thus loses its value, man always turns back to precious metals. During these times there is always an enormous wealth transfer, and it is within your power to transfer that wealth away from you or toward you." --Michael Maloney, precious metals investment expert and historian; founder and

wealth since early civilization: gold. Investment brokers and novices alike are reaping the benefits that come with diversifying their investments. Gold's value is determined by a number of factors including the volume of the metal held by prosperous countries, the rarity of the metal as it is refined, and current market trends, such as inflation and the movement of the investment market. In 1910, gold was worth \$20 an ounce; a century later, in 2010, the value of gold reached nearly \$1,120 an ounce. This book discusses where the value of these metals first originated and how they have evolved over the course of human history. You will learn how practical uses of precious metals have directly affected their value over time and how metals like gold and silver are direct indicators of the current state of the economy. Most importantly, you will learn to recognize market trends that pinpoint the risk of inflation and the exodus from stock to precious metals that will often occur as a result. You will learn how to use mutual funds and futures to diversify your portfolio without spreading yourself too thin. With advice from dozens of financial experts and commodities traders, you will learn how to maximize your return and minimize your risk. If you are looking to diversify your portfolio and protect your investments, *The Complete Guide to Investing in Gold and Precious Metals* is your handbook for making the most from your investment. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Gold and silver are not “magical investments” that you must own when the world ends (knock on wood). However, gold and silver prices will soar in the next few years, which means that you need to know how to quickly invest in precious metals. As a matter of fact, commodity prices as a whole are in long term bull markets. This is a once-in-a-decade opportunity, so you definitely don’t want to miss this gravy train. In this book, I’ll teach you how to invest profitably in the gold and silver markets. This book is the best getting-started guide available, so you definitely can’t go wrong.

As a beginner in the investment world, there can be some things that confusing initially. If gold investments were straightforward, things would be much easier for everyone involved. Unfortunately, it does not always work that way. What type of gold do I buy? Where should I buy it? When is a good time to get involved in the gold market? These are all fair questions for a beginner to have and you'll need to have answers to these questions prior to jumping into the gold buying craze. With that being said, this is a complete guide for investing in gold for those who are just starting out and those who are just getting their feet wet. After reading this book you will learn:

- What type of gold coins to buy
- Where you should buy
- Which coins to avoid
- Where and how to store your gold
- How and when to sell your bullion
- The advantages of silver and what to buy
- Important terms to speak the language of bullion coin investing

Gold Investing & Trading Guide: Gold & Silver Bullion Buying Trader's Guide with Pro Gold Investment Tips & Hacks is the best investment opportunities for a new investor can still be made with gold and this is why I put this guide together for you. Gold is among the most precious investment options that are available and open to you as a new investor. The goal of this guide is to show you 9 profitable ways how you can do just this so that you will be able to choose your favorite gold investing way once you are done going through this guide. Investing in gold provides a bigger challenge for

beginners since it is somehow risky if you don't know the market and how to invest the correct way. For a beginner, there are many ways open in today's marketplace. The challenge comes with choosing the one way that makes sense for the individual investor because it is going to also depend on factors like personal preferences, budget, financial situation, and many more factors. This guide shows you the top nine ways to choose from if you are new to gold investing. The guide is meant to provide a new investor with a general overview of all the ways that are available for a new investor. I have picked them in an effort to provide you with the best mix and the widest variety of ways that you can choose to profit from. You are in no way limited to these 9 ways because there are many more ways available to invest in gold. The goal here is to provide a new gold investor with the most valuable, usable, and easy to consume information and this is why I decided to stick to the top 9 ways. I feel that information overload is doing you harm because a cluttered mind is a mind that does not take action. The goal is simply to get a general overview of the top ways and top opportunities and to pick one as a starting point and to move to the next step. This way you will get a basic overview of the opportunity without getting stuck and you are able to move on and quickly proceed to the actual trading action. The real fun begins once you are able to pick your favorite gold trading way. Once you have identified the way that you want to stick to, you can proceed to the section The Next Step. Claim your copy today & discover the exciting world of gold, silver & bullion investing and take control over your financial future...
