The most respected and accomplished authorship team in high school biology, Ken Miller and Joe Levine are real scientists and educators who have dedicated their lives to scientific literacy. Their experience, knowledge, and insight guided them in creating this breakaway biology program -- one that continues to set the standard for clear, accessible writing. Brand-new content includes the latest scholarship on high-interest topics like stem cells, genetically modified foods, and antibiotics in animals.

Bringing a conceptual framework to
the study of biology This popular
study aid supports Campbell Biology,
11th Edition, and is designed to help
structure and organize your
developing knowledge of biology and
create personal understanding of the
topics covered in the text. While
allowing for your unique approach
and focusing on the enjoyment of
learning, the guide also shares a list of
common strategies used by
successful students as revealed
through educational research. The
Student Study Guide provides
concept maps, chapter summaries,
word roots, and a variety of
interactive activities including

(AACCP). PCAT announced minor changes to the exam for the July 2018 test dates going forward – the timing of three of the sections has increased, giving you more time per question, a greater emphasis on passage-based questions in the science sections, more real-life problems in the Quantitative Reasoning section, and non-science based passages in Reading Comprehension. We have already updated the timing on the included Full-Length practice tests with PCAT Prep Plus to match the test as well as aligned the science sections with the increase in passage-based questions. Rest assured that the changes still align with the effective prep you'll get from Kaplan's PCAT Prep Plus as the core skills and content tested has not changed. To see the new timing of
