~~Review of GURPS Russia - RPGnet
RPG Game Index~~

GURPS Russia is a very beautiful sourcebook, describing a setting which is almost completely unknown to the "average" RPG player and Game Master. Inside this book you will find the details of a rich history, together with the description of very foreign, mysterious customs and beliefs, such as a forced coexistence of ancient pagan cults with Orthodox Christianity. Perhaps most important, you ...

Since its publication in 1842, *Dead Souls* has been celebrated as a supremely realistic portrait of provincial Russian life and as a splendidly exaggerated tale; as a paean to the Russian spirit and as a remorseless satire of imperial Russian venality, vulgarity, and pomp. As Gogol's wily antihero, Chichikov, combs the back country wheeling and dealing for "dead souls"--deceased serfs who still represent money to anyone sharp enough to trade in them--we are introduced to a Dickensian cast of peasants, landowners, and conniving petty officials, few of whom can resist the

Infinite Worlds . . . Infinite Adventure!
The good news is, there are other Earths. Maybe an infinite number. The bad news is, somebody out there doesn't like us. The shuttles of Infinity Unlimited jump between parallel Earths, seeking adventure, profit, knowledge, and even entertainment. But a parallel called Centrum has also developed the technology to hop between the worlds . . . and it wants to

Download Free Gurps Russia

rule them all. The Infinity Patrol must deal with their ruthless rivals, as well as with world-jumping criminals, and with the possibility that the secret of dimension travel might escape to some of the really nasty alternate worlds like Reich-5. Welcome to the core setting of GURPS Fourth Edition! Every other GURPS setting is on one of the Infinite Worlds timelines . . . whether they know it or not! GMs can use this to create a whole meta-campaign, or just as an excuse to move characters between worlds when the plot requires it. Compiled by Kenneth Hite, the master of alternate histories, GURPS Infinite Worlds combines and updates material from GURPS Time Travel, GURPS Alternate Earths, and GURPS Alternate Earths 2 into one volume, and gives dozens of new worlds to

Download Free Gurps Russia

explore as well! This is the complete genre book on both alternative-world gaming and time travel. It offers detailed advice on the unique challenges of running this type of campaign, and on designing and playing characters who regularly cross between settings. It also provides a wide variety of suitable threats and hazards - from evil cross-time Nazis and cosmic conspiracies to "ordinary" monsters and disasters. And it gives guidelines for building alternate worlds from the perspectives of the setting, the story, and the rules. Whether you're playing accidental travelers or the hardened troops of the Infinity Patrol, this book is your gateway to adventure. Infinite adventure.

The German Air Force versus Russia,
1941, written by Generalleutnant

Download Free Gurps Russia

Hermann Plocher, and revised and edited by Mr. Harry Fletcher, is one of a series of historical studies written for the United States Air Force Historical Division by men who had been key officers in the German Air Force during World War II. The overall purpose of the series is twofold: 1) To provide the United States Air Force with a comprehensive and, insofar as possible, authoritative history of a major air force which suffered defeat in World War II, a history prepared by many of the principal and responsible leaders of that air force; 2) to provide a firsthand account of that air force's unique combat in a major war, especially its fight against the forces of the Soviet Union. This series of studies therefore covers in large part virtually all phases of the Luftwaffe's operations and organization, from its

Download Free Gurps Russia

camouflaged origin in the Reichswehr, during the period of secret German rearmament following World War I, through its participation in the Spanish Civil War and its massive operations and final defeat in World War II, with particular attention to the air war on the Eastern Front. This work, volume one of a series, is devoted to a descriptive account, in some parts in great detail, of German aerial operations in the Eastern Theater of Operations during 1941.

A book about Teto, a tetoler in Tetola, and his friend Saru, a tall monkey.

Author Introduction Alexei Maximovich Peshkov primarily known as Maxim Gorky , was a Russian and Soviet writer, a founder of the socialist realism literary method and a political activist. He was also a five-time nominee for the Nobel Prize in Literature. Gorky's most famous works were *The Lower Depths* (1902), *Twenty-six Men and a Girl*, *The Song of the Stormy Petrel*, *My Childhood*, *The Mother*, *Summerfolk* and *Children of the Sun*. He had an association with fellow Russian writers Leo Tolstoy and Anton Chekhov; Gorky would later mention them in his memoirs.
