In the bestselling tradition of The Red Tent, The Family Orchard is a spellbinding novel of one unforgettable family, the orchard they've tended for generations, and a love story that transcends the ages. Nomi Eve's lavishly imagined account begins in Palestine in 1837, with the tale of the irrepressible family matriach, Esther, who was lured by the smell of baking bread into an affair with the local baker. Esther passes on her passionate nature to her son, Eliezer, whose love for the forbidden Golda threatened to tear the family apart. And to her granddaughter, Avra the thief, a tiny wisp of a girl who thumbed her nose at her elders by swiping precious stones from the local bazaar--and grev to marry a man she met at the scene of a crime. At once epic and intimate, The Family Orchard is a rich historical tapestry of passion and tradition from a storyteller of beguiling power.

In this Bonnie and Clyde story of love and betrayal, a band of outlaws fight for control of the brutal Brazilian outback. Set in the sparse frontier settlements of northeastern Brazil--a dry, forbidding, and wild region the size of Texas, known locally as the Sertao--Backlands tells the true story of a group of nomadic outlaws who reigned over the area from about 1922 until 1938. Taking from the rich, admired--and feared--by the poor, they were led by the famously charismatic bandit Lampiao. The gang maintained their influence by fighting off all the police and soldiers the region could muster. A one-eyed goat rancher who first set out to avenge his father's murder in a lawless land, Lampiao proved to be too good a leader, fighter, and strategist to ever return home again. By 1925 he commanded the biggest gang of outlaws in Brazil. Known to this day as a "Prince," Lampiao had everything: brains, money, power, charisma, and luck. Everything but love, until he met Maria Bonita. "You teach me to make lace, and I'll teach you to make love"--this was the song the bandits marched to, across the vast open reaches of their starkly beautiful backlands, and it was Maria Bonita who made it come true. She was stuck in a loveless marriage when she met Lampiao, but she rode off with him, becoming "Queen of the Bandits." Together the couple--still celebrated folk heroes--would become the country's most wanted figures, protecting their extraordinary freedom through cunning. Victoria Shorr's stunning literary debut tells Maria's story, her narrative of the intense freedoms, terrors, and sorrows of this chosen life, the end of which is clear to her all along. With the federal government in Rio mobilizing against the bandits, Backlands describes the epic final days of Lampiao's "fatal month," July on the River of Disorder, as the gang struggles to summon their good star to save them one more time.

The #1 International Best Seller, The Beauty Queen of Jerusalem is a dazzling novel of mothers and daughters, stories told and untold, and the ties that bind four generations of women. Gabriela's mother Luna is the most beautiful woman in all of Jerusalem, though her famed beauty and charm seem to be reserved for everyone but her daughter. Ever since Gabriela can remember, she and Luna have struggled to connect. But when tragedy strikes, Gabriela senses there's more to her mother than painted nails and lips. Desperate to understand their relationship, Gabriela pieces together the stories of her family's previous generations--from Great-Grandmother Mercada the renowned healer, to Grandma Rosa who cleaned houses for the English, to Luna who had the nicest legs in Jerusalem. An enthrallingly expansive family saga set against the backdrop of the collapse of East German communism, from a major new international voice * Over 450,000 copies sold in Germany alone * Rights sold in 20 countries * Winner of the German Book Prize * A PW "First Fiction" pick * In Times of Fading Light begins in September 2001 as Alexander Umnitzer, who has just been diagnosed with terminal cancer, leaves behind his ailing father to fly to Mexico, where his grandparents lived as exiles in the 1940s. The novel then takes us both forward and back in time, creating a panoramic view of the family's history: from Alexander's grandparents' return to the GDR to build the socialist state, to his father's decade spent in a gulag for criticizing the Soviet regime, to his son's desire to leave the political struggles of the twentieth century in the past. With wisdom, humor, and great empathy, Eugen Ruge draws on his own family history as he masterfully brings to life the tragic intertwining of politics, love, and family under the East German regime.

Raised by her Irish immigrant parents in a 1940s Queens apartment where alcohol and company combine in mercurial ways, Eileen marries an unambitious scientist with whom she endures an increasingly psychologically dark family life. A first novel.

The diary and essays of Brian Eno republished twenty-five years on with a new introduction by the artist in a beautiful hardback edition. 'A cranium tour of one of the most creative minds of our age . . . [Eno] delivers razor-sharp commentary with devilish snarkiness and brutal honesty.' Wired At the end of 1994, Brian Eno resolved to keep a diary. His plans to go to the cinema, theatre and galleries fell quickly to the wayside. What he did do - and write - however, was astonishing: ruminations on his collaborative work with David Bowie, U2, James and Jah Wobble, interspersed with correspondence and essays dating back to 1978. These 'appendices' covered topics from the generative and ambient music Eno pioneered to what he believed the role of an artist and their art to be, alongside adroit commentary on quotidian tribulations and happenings around the world. An intimate insight into one of the most influential creative artists of our time, A Tear with Swollen Appendices is an essential classic.
