History Alive! The Medieval World and Beyond was developed by middle school teachers at Teachers' Curriculum Institute (TCI). We, Bert Bower and Jim Lobdell, are two former high school teachers who started TCI. Our goal is to help students like you succeed in learning about history in a way that is fun and exciting.

Helping students succeed in three main parts: class involvement activities, reading this book, and writing about your learning in an interactive notebook.

This engaging textbook teaches students about the Middle Ages, from the fall of Rome to the Renaissance. Follow this story-based approach to world history as you meet numerous historical figures (including St. Patrick, Genghis Khan, Richard the Lionheart, Joan of Arc, and Martin Luther), visit medieval sites around the world, and trace the rise and fall of numerous empires and kingdoms. Volume 2 in this series for your junior high students includes: A conversational narrative that brings medieval history to lifeGorgeous photographs, artwork, and maps that help students visualize people, places, and eventsEducational features that dig deeper into the history of the Christian Church Throughout the course, students will see God's guiding hand through history. They will study the major events of the Middle Ages and delve into how society and culture developed and changed. Students will also study medieval civilizations spanning the whole globe, including the Byzantines, Anglo-Saxons, Muslims, Chinese, Japanese, Mongols, Mughals, Vikings, Normans, Russians, Songhai, and Aztecs!

History Alive! Pursuing American Ideals centers on the five founding ideals from the Declaration of Independence: equality, rights, liberty, opportunity, and democracy. Each generation has struggled with these ideals. Some have made little progress toward achieving them. Others have made great progress. This book invites students to become engaged in this struggle, from establishing an American republic to the making of modern America. --Website.

We are apt to forget how much people traveled in the Middle Ages. Not only merchants, friars, soldiers and official messengers, but crowds of pilgrims were a familiar sight on the roads of Western Europe. In this engaging work of history, Jonathan Sumption brings alive the traditions of pilgrimage prevalent in Europe from the beginning of Christianity to the end of the fifteenth century. Vividly describing such major destinations as Jerusalem, Rome, Santiago de Compostela and Canterbury, he examines both major figures -- popes, kings, queens, scholars, villains -- and the common people of their day.

Unlike monks and nuns, clergy have hitherto been sidelined in accounts of the Middle Ages, but they played an important role in medieval society. This first broad-ranging study in English of the secular clergy examines how ordination provided a framework for clerical life cycles and outlines the influence exerted on secular clergy by monastic ideals before tracing typical career paths for clerics. Concentrating on northern France, England and Germany in the period c.800-c.1200, Julia Barrow explores how entry into the clergy usually occurred in childhood, with parents making decisions for their sons, although other relatives, chiefly clerical uncles, were also influential. By comparing two main types of family structure, Barrow supplies an explanation of why Gregorian reformers faced little serious opposition in demanding an end to clerical marriage in the eleventh and twelfth centuries. Changes in educational provision c.1100 also help to explain growing social and geographical mobility among clerics.

The perfect St. Patrick's Day gift, and a book in the best tradition of popular history -- the untold story of Ireland's role in maintaining Western culture while the Dark Ages settled on Europe. Every year millions of Americans celebrate St. Patrick's Day, but they may not be aware of how great an influence St. Patrick was on the subsequent history of civilization. Not only did he bring Christianity to Ireland, he instilled a sense of literacy and

Online Library History Alive The Medieval World And Beyond Chapter 12 Test

learning that would create the conditions that allowed Ireland to become "the isle of saints and scholars" -- and thus preserve Western culture while Europe was being overrun by barbarians. In this entertaining and compelling narrative, Thomas Cahill tells the story of how Europe evolved from the classical age of Rome to the medieval era. Without Ireland, the transition could not have taken place. Not only did Irish monks and scribes maintain the very record of Western civilization -- copying manuscripts of Greek and Latin writers, both pagan and Christian, while libraries and learning on the continent were forever lost -- they brought their uniquely Irish world-view to the task. As Cahill delightfully illustrates, so much of the liveliness we associate with medieval culture has its roots in Ireland. When the seeds of culture were replanted on the European continent, it was from Ireland that they were germinated. In the tradition of Barbara Tuchman's *A Distant Mirror, How The Irish Saved Civilization* reconstructs an era that few know about but which is central to understanding our past and our cultural heritage. But it conveys its knowledge with a winking wit that aptly captures the sensibility of the unsung Irish who relaunched civilization. **BONUS MATERIAL:** This ebook edition includes an excerpt from Thomas Cahill's *Heretics and Heroes*.
