The Holden Commodore is a mid-size car that was produced by the Australian manufacturer Holden, from 1978 to 1980. It was the first iteration of the first generation of the Holden Commodore. The car was officially launched on 26 October 1978 with showrooms receiving the first examples on 13 November 1978. Production of the VB only lasted seventeen months, the shortest reign of any Commodore. The VB Commodore was effectively the successor of the Holden HZ, although most models in that series cont

The VB Commodore of 1978 was to replace the aging HZ model, an update of the model line first introduced with the HQ Holden in 1971. The base level Commodore came with the 2.8 litre 6 cylinder motor coupled to a 4-speed manual transmission. Engine options available at the time of introduction included the 3.3 litre 6 cylinder and 4.2 litre V8 engines (and later the 5.0 litre V8).
