Every parent wants the best for their child. That's why they send them to college! But most parents struggle to pay for school and end up turning to student loans. That's why the majority of graduates walk away with \$35,000 in student loan debt and no clue what that debt will really cost them. 1 Student loan debt doesn't open doors for young adults—it closes them. They postpone getting married and starting a family. That debt even takes away their freedom to pursue their dreams. But there is a different way. Going to college without student loans is possible! In Debt-Free Degree, Anthony O'Neal teaches parents how to get their child through school without debt, even if they haven't saved for it. He also shows parents: *How to prepare their child for college *Which classes to take in high school *How and when to take the ACT and SAT *The right way to do college visits *How to choose a major A college education is supposed to prepare a graduate for their future, not rob them of their paycheck and freedom for decades. Debt-Free Degree shows parents how to pay cash for college and set their child up to succeed for life.

This book can save you more than \$100,000. These days, most people assume you need to pay a boatload of money for a quality college education. As a result, students and their parents are willing to go into years of debt and potentially sabotage their entire financial futures just to get a fancy name on their diploma. But Zac Bissonnette is walking proof that this assumption is not only false, but dangerous—a class con game designed to rip you off and doom your student to a post-graduation life of near poverty. From his unique double perspective—he's a personal finance expert (at Daily Finance) AND a current senior at the University of Massachusetts—Zac figured out how to get an outstanding education at a public college, without bankrupting his parents or taking on massive loans. Armed with his personal knowledge, the latest data, and smart analysis, Zac takes on the sacred cows of the higher education establishment. He reveals why a lot of the conventional wisdom about choosing and financing college is not only wrong but hazardous to you and your child's financial future. You'll discover, for instance, that: * Student loans are NOT a necessary evil. Ordinary middle class families can- and must-find ways to avoid them, even without scholarships. * College "rankings" are useless—designed to sell magazines and generate hype. If you trust one of the major guides when picking a college, you face a potential financial disaster. * The elite graduate programs accept lots of people with non-elite bachelors degrees. So do America's most selective employers. The name on a diploma ultimately won't help your child have a more successful career or earn more money. Zac can prove every one of those bold assertions - and more. No matter what your current financial situation, he has a simple message for parents: "RELAX! Your kid will be able to get a champagne education on a beer budget!"

The #1 bestselling author presents his most important book since The Automatic Millionaire and gives Canadians the knowledge, the tools, and the mindset to get out of debt — forever. Whether you are working off student loans or trying to meet the minimum balance on your credit card bill, you are probably worried every time you open your mailbox. With salaries frozen and layoffs looming, how will you ever be able to pay down that debt, let alone retire in peace? Here, David Bach offers a new philosophy made for our times, a paradigm-shifting approach to finance that teaches you how to pay down your debt and adopt a whole new way of living. If you have debt, you can be rich but still not free. When you pay down your debt, you reach Freedom Day, that glorious moment when you need a lot less money just to live. On that day, you are truly free. You can have a smaller nest egg and still retire, perhaps even earlier than you expected. With his trademark motivational energy and take-action step by step advice, Bach helps you revolutionize your finances. In these lean times, it's still possible to live your financial dreams. Let David Bach show you how.

Overwhelmed with debt? There is hope and freedom for you no matter how big your problem. Skyrocketing debt has crippled and divided millions in this age of rampant credit, interest-only mortgages, and record loan defaults. The way out from under debt burdens is not a declaration of bankruptcy, but surrender to the Word of God. Becoming debt-free may seem an impossible dream for many, but it is actually an attainable goal according to Howard Dayton, cofounder of Crown Financial Ministries. He overcame his own struggle with debt by applying God's principles to managing his finances, principles he lays out in this practical, encouraging, never-give-up book.
