Coffee is one of the most popular beverages in the world, and especially in the United States, where over 80% of adults are regular java drinkers. A coffee shop can be more than just a place to grab a quick cup. Many of them double as social hubs or performing spaces, making them important fixtures in their community. Coffee shop ownership is demanding, but they can also give you both financial and personal rewards in return for your time and effort. If you've always dreamed of opening your own coffee shop, this book will get you started on the right path.

"Coffee bars are springing up on every street corner. Now you too can start and run one of today's most popular and profitable business ventures. If you enjoy meeting people and love coffee, this may be the business for you"--Back cover

A high-growth success story Martyn Dawes set out to build a high-growth business with a simple idea and the will to do whatever was required to make it a success. Twelve years later he sold this business - Coffee Nation - for £23m. Along the way, among many highs and lows, there was the thrill of seeing an idea come to life, costly failed trials and false starts, countless business plans, learning how and when to raise funding, the personal journey of surviving when success seemed so distant and securing contracts with some of the biggest retailers in the world. This is the story of how a great British business was built - from a blank sheet of paper - and how it came to be one of the nation's favourite consumer brands. It's also a guide to help any aspiring entrepreneur put their business on the path to high growth. Through the course of an exciting narrative, Martyn shares his experiences of growing a business and his knowledge of what you should and shouldn't do. Mistakes to avoid are revealed just as honestly as the good decisions, making this is an unusually frank and valuable account for anyone looking to build their own business. All areas from start-up to exit are covered, including: - How to come up with an idea and know if it's any good - Researching and testing your business model - When you should not write a business plan and why not - The process of pitching to investors and raising funding - Negotiating contracts and controlling your finances - A special final chapter on how to set up a business for high-growth from the outset Coffee Nation was based on the reliable principles of a simple idea, a compelling vision, a high-

quality product and relentless enterprise. If you have the desire and vision to build your own high-growth business - or you want to read a fascinating story of how it has been done - look no further. It's time to wake up and sell the coffee.

What turned out to be an unintentional social experiment, 50 Coffees is a journey that uncovers the authentic meaning of community and demonstrates tangible ways to directly impact your life's success. Whether you are a CEO, entrepreneur or full-time mom, understanding the value of a coffee meeting will reshape your relationships and broaden your reach in your business markets and neighborhoods. In the world of over-saturated digital communication, this approach to building a business, promoting a cause or strengthening your ability to connect with others gets back to the basics of human interaction and personal integrity.
