These are tough economic times, and having a baby seems like an unaffordable luxury to many people. But it doesn't have to be. This book provides a crash course in superfrugal baby care, starting before conception and continuing through the baby's first year. You can make, birth, house, feed, diaper, clothe, entertain, and transport a baby for a mere fraction of what the experts say it all will cost, save thousands of dollars, and have fun at the same time. I wrote this book to be the reference that I wish I'd had before I started having children. It starts with basic financial planning for aspiring parents and straightforward how-to instructions for frugal baby care, and keeps right on going into black-belt frugality topics and some of the more controversial issues of modern parenting. I've read the studies and done the math, and in this book I tell you what I've learned. At the end there is a long list of helpful print and online references, for further reading.

Your New Baby provides a guide to caring for a newborn during the first six months. It offers clear and concise instructions on how to feed, bathe, handle, deal with crying, and express love, with additional information on child development, including how boys and girls develop differently and how to adapt care for their needs.

Authoritative but easily accessible, Complete Baby and Childcare is an invaluable source of information for all parents of infants, toddlers, and preschool kids. Dr. Miriam Stoppard takes the mystery out of child-rearing in this guide to the first five years of a child's life. The book provides information on topics as diverse as potty training and sleeping patterns to childhood phobias and developmental issues. This new edition has not only been given a completely new look with stunning new photography, but it has also been updated and rewritten with 20–25 percent new material. New information will cover the latest developments in baby and childcare, such as using sign language to communicate with your baby and progressive child-centered parenting tactics.

The bestselling parents' guide towards happy, sleeping babies from birth to two years, from the international baby whisperer Tizzie Hall **LAST UPDATED 2021** Tizzie Hall has gained an international reputation as a baby whisperer and miracle worker. Even from an early age, Tizzie knew how to read babies' body language and cries, and from that auspicious beginning she has developed a series of sleep routines that have provided parents and babies with a good night's sleep the world over. Save Our Sleep is the book that parents asked Tizzie to write, and with over 270,000 copies sold it has become the only book parents need to cure their own sleep deprivation! New material includes new routines, integrated feedback on routines, dummy use, express feeding, dealing with premature babies and twins, more information on teaching your baby to self-settle and brand new case studies and tips. Annotation This book offers a unique insight into the creative processes of a selection of women performers working in a variety of forms - live performance art, multi-media, new media technologies, video and radio, as well as stage drama. As the book reveals, these performers are all, in diverse ways, seeking to shape the languages of theatre in ways that enable them to speak for themselves. There is an international, culturally diverse focus to the work, introducing feminist theories in an accessible way, investigating performance possibilities offered by new media technologies, and including extracts from performance texts.
