Format the reflection paper the same way you would any other APA essay. It should be double spaced, with the title in a header in all caps at the top left of each page and the page number at the top right. Include a title page with the title, your name, and any other required information (like the name of your class or school).

How to Write a Reflection Paper: 14 Steps (with Pictures)

Write the letter. Formal letters should open with a clear statement of purpose. Do not use contractions (write are not instead of aren't), and phrase questions formally (Would you be interested in...? instead of Do you want to...?). Proofread the letter for spelling and grammar when finished, or ask a friend to help you.

Brenda Ueland was a journalist, editor, freelance writer, and teacher of writing. In *If You Want to Write: A Book about Art, Independence and Spirit* she shares her philosophies on writing and life in general. Ueland firmly believed that anyone can write, that everyone is talented, original, and has something important to say. In this book she explains how find that spark that will make you a great writer. Carl Sandburg called this book the best book ever written about how to write. Join the millions of others who've found inspiration and unlocked their own talent.

The Elements of Style William Strunk concentrated on specific questions of usage—and the cultivation of good writing—with the recommendation "Make every word tell"; hence the 17th principle of composition is the simple instruction: "Omit needless words." The book was also listed as one of the 100 best and most influential books written in English since 1923 by *Time* in its 2011 list.

k also contains a teacher's notes section. Ages 13-15.

...be aware, this book is NOT about calligraphy. Calligraphy, by definition is "beautiful writing." This work is about duplicating an 18th century look. Beauty is a possible outcome, but not the goal. Rather this book is about sealing wax and sanders, and cutting your own quill, and how to fold a letter to make its own envelope. It's intended for the living history practitioner or historic site interpreter who'd find being able to write like the average person of the late 1700s a useful and enjoyable adjunct to their trade.

businesslike, and thoroughly professional business letter, you are going to go nowhere on the ladder to the top." Many of us coughed rather sheepishly, because according to us, we were already managers in our minds' eye, and we had a secretary to take our dictation, shorthand, and rightly business letter for us. Naturally, we woke up to reality soon after, when we began to work on our different jobs, and often we had to take care of the correspondence ourselves. Some of the letters were too confidential to be handed over to the office typing pool. This was way back in the late eighties and early nineties, when letters were still written by hand, and sent by mail. We did not know that within the next 15 years, the whole world would be tied up with an electronic network, and correspondence would be done by tapping on a keyboard on a desktop screen. Also, this book is not restricted to letter writing to people in your own country or area. In this millennial world today, your job is to expand your horizons and that is why, this book is going to tell you all about writing letters in a global context. Also, you are going to be told something about cultures and traditions, and business environments of other lands and people, which may look strange to you, but that is the way business writing has been done for millenniums, according to their culture, standard of literacy, and society. Many people who are not quite well versed with office etiquette are under the impression that letter writing is something not very important because after all, you are messaging your clients, or you have one stereotyped format, which you send out as acknowledgment for every email sent to your company, with a paragraph telling the client that he is going to be contacted by somebody in the next 12 - 24 hours, and thank you for getting in touch with us. The mail, of course, has a do not reply address on top. You may think that this is a pretty nifty and modern way of tracking your correspondence, but in many parts of the world, where business dealings and environments are still pretty old-fashioned, a well-written letter is quite impressive, especially when the receiver makes his first impression on your correspondence, especially when it is a first-time letter to his company. I remember, way back in 87, when I was at university, in a comparatively small town, and went to the market, to buy some handmade traditional shoes, for which that particular town was famous all over the country. They did not speaking English, there.

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades - no, for centuries - have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar - and you certainly don't have to diagram sentences - in order to speak and write correct English. So rest assured - English Grammar For Dummies will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar

For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs – oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!

In 1999, Stephen King began to write about his craft -- and his life. By midyear, a widely reported accident jeopardized the survival of both. And in his months of recovery, the link between writing and living became more crucial than ever. Rarely has a book on writing been so clear, so useful, and so revealing. *On Writing* begins with a mesmerizing account of King's childhood and his uncannily early focus on writing to tell a story. A series of vivid memories from adolescence, college, and the struggling years that led up to his first novel, *Carrie*, will afford readers a fresh and often very funny perspective on the formation of a writer. King next turns to the basic tools of his trade -- how to sharpen and multiply them through use, and how the writer must always have them close at hand. He takes the reader through crucial aspects of the writer's art and life, offering practical and inspiring advice on everything from plot and character development to work habits and rejection. Serialized in the *New Yorker* to vivid acclaim, *On Writing* culminates with a profoundly moving account of how King's overwhelming need to write spurred him toward recovery, and brought him back to his life. Brilliantly structured, friendly and inspiring, *On Writing* will empower--and entertain--everyone who reads it.
