Her name is Mother of Exiles. From her beacon-hand glows world-wide welcome. "Give me your tired, your poor, your huddled masses. Send these, the homeless, tempest-tost to me." America has lost its way. The strongest of people can be found in the unlikeliest of places. The future of the entire country will depend on them. All across the United States, people scramble to survive new, draconian policies that mark and track immigrants and their children (citizens or not) as their freedoms rapidly erode around them. The tattoos have marked them for horrors they could not have imagined within US borders. As the nightmare unfolds before them, unforeseen alliances between the inked—like Mari, Meche, and Toño—and non-immigrants—Finn, Del, and Abbie—are formed, all in the desperate hope to confront it. George Orwell set out ‘ to make political writing into an art ’ , and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell ’ s essays seeks to bring a

wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the Orwell 's *Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the ' four great motives for writing ' – ' sheer egoism ' , ' aesthetic enthusiasm ' , ' historical impulse ' and ' political purpose ' – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell 's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer 's oeuvre.
