I Dare Me sends author Lu Ann Cahn on a yearlong journey to try something new every day. Sometimes she tries big things (cooking a rack of lamb, riding in a race car, learning to fence, starting a daily journal) but mostly she just tries small things (going to the movies by herself, learning to sew on a button, talking to a stranger), and the results are quite engaging.

Feeling stuck? Veteran journalist and cancer survivor Lu Ann Cahn was feeling angry and frustrated. The economy was tanking. Her job was changing. In a word, she felt “stuck.” Something had to change. Her daughter helped convince her to start a “Year of Firsts.” For the next 365 days, Cahn made a point of doing something she had never done before, every day. Before she knew it, her whole perspective on life had changed. In this inspiring book, Lu Ann recounts how a new “first” everyday brought excitement and wonder back into her world. And more than that, she helps readers see how they can do it too. • Participate in a Polar Bear

The searing novel of friendship and betrayal that inspired the USA Network series, praised by Gillian Flynn as "Lord of the Flies set in a high-school cheerleading squad...Tense, dark, and beautifully written." Addy Hanlon has always been Beth Cassidy's best friend and trusted lieutenant. Beth calls the shots and Addy carries them out, a long-established order of things that has brought them to the pinnacle of their high-school careers. Now they're seniors who rule the intensely competitive cheer squad, feared and followed by the other girls -- until the young new coach arrives. Cool and

commanding, an emissary from the adult world just beyond their reach, Coach Colette French draws Addy and the other cheerleaders into her life.

Only Beth, unsettled by the new regime, remains outside Coach's golden circle, waging a subtle but vicious campaign to regain her position as "top girl" -- both with the team and with Addy herself. Then a suicide focuses a police investigation on Coach and her squad. After the first wave of shock and grief, Addy tries to uncover the truth behind the death -- and learns that the boundary between loyalty and love can be dangerous terrain. The raw passions of girlhood are brought to life in this taut, unflinching exploration of friendship, ambition, and power. Award-winning novelist Megan Abbott, writing with what Tom Perrotta has hailed as "total

Every dare brings an increased risk of bodily harm, but Ben cannot deny the thrill and sense of swagger that come with it. Trapped in her own storybook life, she books a one-night stand to finally experience her fantasy. But she never counted on Rafe Steele to push her boundaries in both the bedroom...and her heart.

The first romance novel I ever read was a coverless Mills & Boons that I had smuggled into bed to read by torchlight. I opened the book, and suddenly, I was transported into a wonderfully exciting world where a tall, dark and handsome man sparred with an ordinary girl just like me, and in the end...she got to keep him!
