Swearing is a common part of our lives, and it's often used in a way that is humorous or lighthearted. However, there are some people who swear a lot, and this can be a sign of a problem. If you or someone you know swears a lot, it's important to understand why and what you can do about it.

I Swear I Saw This records visionary anthropologist Michael Taussig ' s reflections on the fieldwork notebooks he kept through forty years of travels in Colombia. Taking as a starting point a drawing he made in Medellin in 2006—as well as its caption, “ I swear I saw this ” —Taussig considers the fieldwork notebook as a type of modernist literature and the place where writers and other creators first work out the imaginative logic of discovery. Notebooks mix the raw material of observation with reverie, juxtaposed, in Taussig ' s case, with drawings, watercolors, and newspaper cuttings, which blend the inner and outer worlds in a fashion reminiscent of Brion Gysin and William Burroughs ' s surreal cut-up technique. Focusing on the small details and observations that are lost when writers convert their notes into finished pieces, Taussig calls for new ways of seeing and using the notebook as form. Memory emerges as a central motif in I Swear I Saw This as he explores his penchant to inscribe new recollections in the margins or directly over the original entries days or weeks after an event. This palimpsest of afterthoughts leads to ruminations on Freud ' s analysis of dreams, Proust ' s thoughts on the involuntary workings of memory, and Benjamin ' s theories of history—fieldwork, Taussig writes, provokes childhood memories with startling ease. I Swear I Saw This exhibits Taussig ' s characteristic verve and intellectual audacity, here combined with a revelatory sense of intimacy. He writes, “ drawing is thus a depicting, a hauling, an unraveling, and being impelled toward something or somebody. ” Readers will exult in joining Taussig once again as he follows the threads of a tangled skein of inspired associations.

An odyssey of family, heartbreak, violence, punk rock, brokenness, broke-ness, sex, love, loss, drinking, drinking, drinking, and an unlikely savior: distance running. A misfit kid at the best of times, Mishka Shubaly had his world shattered when, in a twenty-four-hour span in 1992, he survived a mass shooting on his school's campus, then learned that his parents were getting divorced. His father, a prominent rocket scientist, abandoned the family and their home was lost to foreclosure. Shubaly swore to avenge the wrongs against his mother, but instead plunged into a magnificently toxic love affair with alcohol. Almost two decades later, Shubaly's life changed again when a fateful five-mile run after a bar fight inspired him to clean up his life. And when he finally reconnected with his estranged father, he discovered the story of his childhood was radically different from what he thought he knew. In this fiercely honest, emotional, and self-laceratingly witty book, Shubaly relives his mistakes, misfortunes, and infrequent good decisions: the disastrous events that fractured his life; his incendiary romances; his hot-and-cold career as a rock musician; meeting his newborn nephew while out of his gourd on cough syrup. I Swear I'll Make It Up to You is an apology for choices Shubaly never thought he'd live long enough to regret, a journey so far down the low road that it took him years of running to claw his way back.

In this ambitious and accomplished work, Taussig explores the complex and interwoven concepts of mimesis, the practice of imitation, and alterity, the opposition of Self and Other. The book moves from the nineteenth-century invention of mimetically capacious machines, such as the camera, to the fable of colonial ' first contact ' and the alleged mimetic power of ' primitives '. Twenty years after the original publication, Taussig revisits the work in a new preface which contextualises the impact of Mimesis and Alterity. Drawing on the ideas of Benjamin, Adorno and Horckheimer and ethnographic accounts of the Cuna, Taussig demonstrates how the history of mimesis is deeply tied to colonialism and the idea of alterity has become increasingly unstable. Vigorous and unorthodox, this cross-cultural discussion continues to deepen our understanding of the relationship between ethnography, racism and society.

"I Swear I Saw This" records visionary anthropologist Michael Taussig's reflections on the fieldwork notebooks he kept through forty years of travels in Colombia. Taking as a starting point a drawing he made in Medellin in 2006-as well as its caption, "I swear I saw this"-Taussig considers the fieldwork notebook as a type of modernist literature and the place where writers and other creators first work out the imaginative logic of discovery. Notebooks mix the raw material of observation with reverie, juxtaposed, in Taussig's case, with drawings, watercolors, and newspaper cuttings, which blend the inner and outer worlds in a fashion reminiscent of Brion Gysin and William Burroughs's surreal cut-up technique. Booklist, Top 10 Women ' s Fiction of 2016 Goodreads Best Romance of August Redbook.com ' s " 20 Books by Women You Must ReadThis Fall " Popsugar ' s " 21 Fiction Reads to Add to Your Fall Reading List " Bustle ' s " 11 New Romance Books Perfect for Summer Beach Reading " Brit+Co ' s " 16 Must-Read Adult Books Out in August " Sunset magazine ' s " Bookmark this: Your ultimate summer reading list " From USA TODAY bestselling author Ren é e Carlino (Before We Were Strangers), a warm and witty novel about a struggling writer who must come to grips with her past, present, and future after she discovers that she ' s the inspiration for a pseudonymously published bestselling novel. When a bestselling debut novel from mysterious author J. Colby becomes the literary event of the year, Emiline reads it reluctantly. As an adjunct writing instructor at UC San Diego with her own stalled literary career and a bumpy long-term relationship, Emiline isn ' t thrilled to celebrate the accomplishments of a young and gifted writer. Yet from the very first page, Emiline is entranced by the story of Emerson and Jackson, two childhood best friends who fall in love and dream of a better life beyond the long dirt road that winds through their impoverished town in rural Ohio. That ' s because the novel is patterned on Emiline ' s own dark and desperate childhood, which means that " J. Colby " must be Jase: the best friend and first love she hasn ' t seen in over a decade. Far from being flattered that he wrote the novel from her perspective, Emiline is furious that he co-opted her painful past and took some dramatic creative liberties with the ending. The only way she can put her mind at ease is to find and confront " J. Colby, " but is she prepared to learn the truth behind the fiction?

An irreverent and impeccably researched defense of our dirtiest words. We ' re often told that swearing is outrageous or even offensive, that it ' s a sign of a stunted vocabulary or a limited intellect. Dictionaries have traditionally omitted it and parents forbid it. But the latest research by neuroscientists, psychologists, sociologists, and others has revealed that swear words, curses, and oaths—when used judiciously—can have surprising benefits. In this sparkling debut work of popular science, Emma Byrne examines the latest research to show how swearing can be good for you. With humor and colorful language, she explores every angle of swearing—why we do it, how we do it, and what it tells us about ourselves. Not only has some form of swearing existed since the earliest humans began to communicate, but it has been shown to reduce physical pain, to lower anxiety, to prevent physical violence, to help trauma victims recover language, and to promote human cooperation. Taking readers on a whirlwind tour through scientific experiments, historical case studies, and cutting-edge research on language in both humans and other primates, Byrne defends cursing and demonstrates how much it can reveal about different cultures, their taboos and their values. Packed with the results of unlikely and often hilarious scientific studies—from the " ice-bucket test " for coping with pain, to the connection between Tourette ' s and swearing, to a chimpanzee that curses at her handler in sign language—Swearing Is Good for You presents a lighthearted but convincing case for the foulmouthed.

Learn how to swear in 50 countries with this swear word coloring book. This adult coloring book features a range of simple to intricate designs.
