Amazon Kindle Paperwhite review | TechRadar
Love the new paperwhite, decided to upgrade from my original paperwhite mostly for the ability to listen to audio books on it. My reason for 4 star reviews is unfortunately it lacks a sleep timer which in my opinion is a drawback. The Bluetooth, WiFi and the fact that it is a lot lighter is a bonus.

The novel pits Ted Cogan, a forty-three-year-old surgeon and self-described womanizer, against Hank Madden, a handicapped veteran detective. From the outset it's not clear who is victim and who is victimizer, as the usually dispassionate Madden grapples with his long-suppressed prejudices and his obsession with bringing Ted Cogan to justice at any cost. It all leads up to the most stunning surprise ending since Scott Turow's *Presumed Innocent*.

discloses a lived history, both academic and personal, that has paralleled many of the paradigm shifts in the human sciences inspired by the turn toward narrative. He shows how the human sciences—especially in his own areas of interpersonal, family, and communication theory—have evolved from sciences directed toward prediction and control to interpretive ones focused on the search for meaning through qualitative, narrative, and ethnographic modes of inquiry. He outlines the theoretical contributions of such luminaries as Bateson, Laing, Goffman, Henry, Gergen, and Richardson in this transformation. Using diverse forms of narration, Bochner seamlessly layers theory and story, interweaving his professional and

The New York Times bestseller from the beloved author of *A Three Dog Life*—an exhilarating, superbly written memoir on friendship, family, creativity, tragedy, and the richness of life: “If you only read one book this year, make it this one” (Ann Patchett). In her bestselling memoir *A Three Dog Life*, Abigail Thomas wrote about the devastating loss of her husband. In *What Comes Next and How to Like It*, “a

keenly observed memoir...Thomas writes of the changes aging brings us all and of coping through love: of family, dogs, a well-turned phrase. She is superb company" (People). Thomas was startled to overhear herself described as "a nice old lady with a tattoo," because she thinks of herself as not nice, not old, nor a lady. But she has wondered: what comes next? What comes after the death of a spouse? What form does a lifelong friendship take after deepest betrayal? How does a mother cope with her child's dire illness? Or the death of a cherished dog? And how to like it? How to accept, appreciate, enjoy? How to find solace and pleasure? How to sustain and be sustained by our most trusted, valuable companions?

At its heart, *What Comes Next and How to Like It* is about the complicated friendship between Thomas and a man she met thirty-five years ago—a rich bond that has lasted through marriages, child-raising, and the vicissitudes and tragedies of life. “After all,” she writes, “there are those people we love, and then there are those we recognize. These are the unbreakable connections.” Exquisitely observed, lush with sentences you will read over and over again, *What Comes Next and How to Like It* “is a beautifully felt, deeply moving memoir, the best work yet by a woman who has already done some of the best work in the field.
