This title charts the history of the Kirkcaldy Links Market.

This new edition of The Life of Adam Smith remains the only book to give a full account of Smith's life whilst also placing his work into the context of his life and times. Updated to include new scholarship which has recently come to light, this full-scale biography of Adam Smith examines the personality, career, and social and intellectual circumstances of the Scottish moral philosopher regarded as the founder of scientific economics, whose legacy of thought - most notably about the free market and the role of the state - concerns us all. Ian Simpson Ross draws on correspondence, archival documents, the reports of contemporaries, and the record of Smith's publications to fashion a lively account of Adam Smith as a man of letters, moralist, historian, and critic, as well as an economist. Supported with full scholarly apparatus for students and academics, the book also offers 20 halftone illustrations representing Smith and the world in which he lived.

The Silver Bough is an indispensable treasury of Scottish culture, universally acknowledged as a classic of literature. The author, F Marian McNeill, succeeded in capturing and bringing to life many traditions and customs of old before they died out or were influenced by the modern era. The Silver Branch of the sacred apple tree, laden with crystal blossoms of golden fruit, is in Celtic mythology the equivalent of the Golden Bough of classical mythology - the symbolic bond between the world we know and the Otherworld.In the first volume of the Silver Bough, the author deals generally with Scottish folk-lore and folk belief, with chapters on ethnic origins, the Druids, the Celtic gods, the slow transition to Christianity, magic, the fairy faith, second sight, selkies, changelings and the witch cult. In volumes two and three she explored in some depth the foundations of many of these beliefs and rituals through the Calendar of Scottish national festivals, in which we find enshrined many of the fascinating folk customs of our ancestors. This fourth volume turns our attention to the Local Festivals of Scotland. As man makes greater and greater advances in the understanding and control of his physical environment, the river between the known and the unknown gradually changes its course, and the subjects of the simpler beliefs of former times become part of the new territory of knowledge. The Silver Bough maps out the old course of the waterway that in Celtic belief winds between here and beyond, and reveals the very roots of the Scottish people's distinctive customs and way of life. The Silver Bough is a large and important work which involved many years of research into both living and recorded lore. Its genesis lies, perhaps, in the author's subconscious need to reconcile the old primitive world she had glimpsed in childhood with the sophisticated modern world she later entered. "e:I do not believe that you can exaggerate the importance of the preservation of old ways and customs, and all those little things which bind a man to his native place. Today we live in difficult times. The steam-roller of progress is flattening out many of our old institutions, and there is a danger of a general decline in idiom and distinctive quality in our Scottish life. The only way to counteract this peril is to preserve jealously all these elder things which are bone of our bone and flesh of our flesh. For, remember, no man can face the future with courage and confidence unless it is solidly founded upon the past. And conversely, no problem will be too hard, no situation too strange, if we can link it with what we know and love"e; F Marian McNeill

Just the mention of St. Andrews stirs excitement in the heart of every golfer. But to young Angus MacKay, living in the Swilken Bank Hotel, overlooking the eighteenth hole of St. Andrews Old Course was not particularly awe inducing. But it was, an adventure. Dont Call Me Angus is a mixture of fiction and memoir that recounts the story of a Scottish family during the 1960s and 1970s. In this pleasant and amusing collection of tales, author Gus Mackenzie writes of the emotions and moderate dramas generated by years of telling and retelling family tales. With beautifully descriptive narratives tinged with an ever-present humorous wink and a nod, the adventures begin with the MacKay family; Angus, the youngest son, his brother, sister, parents, and assorted relatives who live in and manage the Swilken Bank Hotel. Despite encounters with Bing Crosby, Sean Connery, Tony Jacklin, and Christopher Lee, Anguss real adventures stemmed from the fire in room 9 and eventful trips to his grandmothers house in Kirkcaldy. Layered with light hearted insight, Angus delves into the posh and unique life of the family Mackay as they live in the shadow of the iconic St. Andrews.

Fatigued by bloated big-game football and bored of a samey big cities, Daniel Gray went in search of small town Scotland and its teams. At the time when the Scottish club game is drifting towards its lowest ebb once more, Stramash singularly falls to wring its hands and address the state of the game, preferring instead to focus on Bobby Mann's waistline. Part travelogue, part history and part mistakenly spilling ketchup on the face of a small child, Stramash takes an uplifting look at the country's nether regions. Using the excuse of a match to visit places from Dumfries to Dingwall, Gray surveys Scotland's towns and teams in their present state. Stramash accomplishes the feats of visiting Dumfries without mentioning Robert Burns, being positive about Cumbernauld and linking Elgin City to Lenin. It is ae fond look at Scotland as you've never seen it before. REVIEWS: 'There have been previous attempts by authors to explore the off-the-beaten paths of the Scottish football landscape, but Daniel Gray's volume is in another league' - THE SCOTSMAN 'Truly splendid' - ARTHUR MONTFORD 'An excellent book about the country's smaller teams - [Stramash] captures the vague romance that still clings to these smaller Scottish clubs. It will make a must-read for every non-Old Firm football fan - and for many Rangers and Celtic supporters too' - DAILY Record' As he takes in a match at each stopping-off point, Gray presents little portraits of small Scottish towns, relating histories of declining industry, radical politics and the connection between a team and its community. It's a brilliant way to rediscover Scotland' - THE HERALD' A great read, because Gray doesn't write about just football, he uses football as an excuse to explore the histories of small towns in Scotland' - THE SKINNY 'Why do the Gers and Hoops have retail outlets in the capital? Why do buses depart for Glasgow on a Saturday morning from every corner of Scotland? Gray's book is a splendid attempt to answer these questions, and more besides - The result is sociology at its best, which is to say eminently readable - Stramash may turn out to be a memoir of the way we were, and an epitaph' - SUNDAY HERALD' I defy anyone to read Stramash and not fall in love with Scottish football's blessed eccentricities all over again - Funny enough to bring on involuntary laugh out loud moments' - THE SCOTTISH FOOTBALL BLOG

There are beautiful unique areas of Scotland that are not on the common trodden tracks; a visit to the more remote parts of Scotland will reveal many secret attractions and offer you many pleasant surprises. The antiquity of many of the towns and villages in Scotland, with their quaint stone and thatch cottages and narrow cobbled roads bordered by exquisitely packed stone walls look as though they have been there forever.

Carol McNeill explores the fascinating history of Kirkcaldy's potteries.

Take a tour of the United Kingdom as you ' ve never seen it before in this fully illustrated set of county maps. Travel through England, Northern Ireland, Scotland and Wales and meet the incredible people born there, learn about its proud history, and discover ancient castles, modern feats of engineering and natural highlights while you revel in the nation ' s curiosities, from the spectacular, to the quirky, to the downright strange! A fabulous introduction to Shakespeare ' s Sceptre Isle, for readers young and old.
