Skill Builders are great tools for keeping children current during the school year or preparing them for the next grade level. A variety of fun and challenging activities provides students with practice and helps introduce basic skills to new learners. This full-color workbook contains appropriate passages and exercises based on national standards for sixth through eighth grade to help ensure that children master geometry math skills before progressing. Skill Builders combines entertaining and interactive activities with eye-catching graphics to make learning and reviewing fun and effective. The compact 6" x 9" size makes this book perfect for school, at home, or on the go. It features 80 perforated, reproducible pages and an answer key.

"This workbook will introduce your child to the addition of two multiple-digit numbers."--cover.

"This workbook will introduce your child to grade one vocabulary and reading comprehension exercises in a step-by-step manner"--Cover [p. 1].

"This workbook will help your child learn addition sums beyond 20."--cover.

MCP Mathematics promotes mathematical success for all students, especially those who struggle with their core math program. This trusted, targeted program uses a traditional drill and practice format with a predictable, easy-to-use lesson format. MCP Math is flexible and adaptable to fit a variety of intervention settings including after school, summer school, and additional math instruction during the regular school day. By teaching with MCP Math, you can: Provide targeted intervention through a complete alternative program to core math textbooks. Help students learn and retain new concepts and skills with extensive practice. Prepare students at a wide range of ability levels for success on standardized tests of math proficiency.

Teach basic math skills like negative numbers, percentages, and decimals using word problems! Your students' reading skills will be strengthened as they learn basic math operations and critical thinking skills.The word problems included in this book are interesting enough to hold student attention, yet challenging enough to strengthen math skills. This book is designed to be completed by the student with little or no help from a parent or teacher which makes it a great resource for use at home or school.

Provide children a path to academic success! Top Student provides hundreds of activities and practice pages to keep children challenged and excited as they strengthen their skills across all curriculum areas. Top Student activities provide practice of the most important skills for each grade level, as well as opportunities for critical thinking and creativity. Colorful and creative practice pages and hands-on activities provide engaging practice to keep children motivated to learn! Core subject areas and topics include: Handwriting Phonics Grammar and punctuation Spelling and vocabulary Reading Writing Mindful moments Math Computer science Science STEM Social studies Social and emotional learning These robust workbooks also include: Reward stickers Informational posters Mindful moments meditations and activities with downloadable audio* Information and activities about a variety of countries, cultures, and global communities *Mindful moments with audio help children incorporate reflection and meditation into their academic life. Includes answer key.
