Book Dimensions: 21.5x14x1.5 cm

India is a vast country of continental size. Despite increasing literacy, English continues to be the link language for want of acceptable language within the country. However, Hindi still remains the language of the masses, spoken by more than half the population and understood by nearly three-fourths. Although Hindi is taught in school syllabi, its purpose is purely academic that hardly serves to promote national unity through ease in conversation. Understanding this need in filling this disjointed gap, V&S Publishers has taken the first fledging step by deciding to bring out a conversational Indian Language series, beginning with Telugu-to-Hindi module, in the name of "e;sampurna vyakaran sahit....."e;After years of research and hard work and supported by knowledgeable persons of literary taste, we have come out with this unique volume that is significantly different from all the other language learning courses out there. The major difference: this module format also provides the basics of grammar which are absent from all the other titles in the market. These basics of grammar not only provide knowledge base of the language, but also enable an individual to learn the language while speaking it.

Hindi is one of the world's main language, with over 650 million speakers in India, and millions more on every continent. There are many primers that teach children who can already speak Hindi-how to read and write their language. As the title Hindi Teacher for English Speaking People suggests, Dr. Ratnakar Narale has written this book with a different audience in mind: English speakers of all ages who want to learn Hindi from scratch. This audience includes many kinds of people: the inhabitants of non-Hindi-speaking parts of India; Canadians, Americans, and West Indians whose ancestors came from India, but whose first language is English. This logically arranged book is filled with virtually thousands of examples, and each dialogue is designed with the view of its practical value for the targeted people. Along the way, hundreds of new words and the frequent exercises let the student learn to speak and write Hindi sentences almost without much effort. This practical 'Teach Yourself' manual closes with exercises in correcting faulty sentences, reading dialogues, telling the time, and writing letters. There are also useful lists of proverbs, synonyms and antonyms, and so on. Dr. Narale has been careful to draw most of the examples from words and concepts that are familiar to Westerners. This emphasizes that Hindi is a world language, and not merely an Indian one. Truly practical, comprehensive and easy to understand reference manual for classroom study to learn Hindi.

This book is unlike any other language book. It offers: a tried and tested, and effective new method; an original, user-friendly approach; no long hours of memorisation or drills; a comprehensive English-Hindi dictionary; Complete instructions for learning the Hindi script.

Thai is a fun language to learn, the problem is most learning materials are costly and make language learning too complicated. We've created this book which aims to make language learning simple. We teach you language patterns and grammar structures which can be used to form your own sentences.

Learn Hindi: Sentence Structure Made Easy is the essential guide to learning Hindi for beginners. This book is a step by step course designed specifically for learners who are from an English speaking background. The main emphasis throughout the book is word order. It is vital for an English speaking person who wants to learn Hindi to focus not only on pronunciation and vocabulary but also on learning how to order those new words into a sentence. The explanation of grammar is simple and easy to understand. Each lesson builds on the previous lesson in a logical order and provides practical exercises so that the student can immediately apply what is being taught.
