"A good legal secretary is one of the most valuable assets in any legal office and this book, written as a practical guide, will enable them to approach their work with increased confidence. Of particular assistance will be the numerous completed specimen forms and documents. These examples are invaluable reference sources, indicating the best way of filling in such forms. As well as covering most areas of law, this book identifies the people who work in the law and the structure of the courts. It contains a useful glossary, a section on etiquette, and a helpful list of addresses, telephone numbers, and web addresses. There is also a guest chapter on finding a job which has been written by Zarak Legal, a leading London recruitment consultant firm. A 'test yourself' section at the end of most chapters acts as an ideal study aid for

beginners to monitor progress, or as a desktop reference for the more experienced legal secretary."--BOOK JACKET.
