Research confirms that the teacher makes the greatest difference in the learning success of students, so it's important that new teachers get off to a strong start. With help from veteran teacher and mentor Gini Cunningham, inexperienced teachers can better understand and successfully tackle the many daily challenges they will face in the classroom: * Setting up classroom procedures and managing class time * Coordinating standards, curriculum, and textbooks * Developing manageable lesson and unit plans * Handling discipline problems and engaging students in learning * Using effective assessment practices and monitoring student achievement Teaching is a physically and emotionally demanding career, but Cunningham's practical advice and memorable anecdotes will help teachers prepare for and enjoy their work--even on the most difficult days. And administrators can use this accessible guide to support new professionals and avoid early burnout. The New Teacher's Companion is a valuable resource for any teacher who wants the classroom to be a rich and rewarding place for teachers and students alike.

Features the lesson plan "Paper Clip Game for Learning the Value of Rules," provided by the Educational Resources Information Center (ERIC) of the National Library of Education. The goal of the lesson plan is to introduce students to the importance of rules in society. Discusses the grade levels, objectives, materials needed, and procedures.

Packed with ideas for both new and veteran teachers of K – 8 students, this book touches on a variety of topics that are especially relevant to the first week of school. The author provides critical information that includes arranging and navigating the classroom, setting basic expectations, communicating routines, and understanding your students' needs. Plus, you'll see how these efforts actually work in the classroom as the author shares experiences, anecdotes, and quick tips. You'll gain new insight into how these fundamentals support an authentic, effective, and thorough plan for the first week of school and set the stage for a successful year for students, parents, and teachers. Otis Kriegel is a 15-year veteran elementary and middle school teacher. He has taught dual language, monolingual, and integrated coteaching classrooms throughout the United States and Europe.

Make an earth-friendly statement with this 13" x 9.5" spiral-bound plan book. It includes 42 planning pages as well as pages for student information, conferences, substitute information, seating plans, birthdays, student transportation information, yearly planning, and a daily schedule. It is also printed on FSC-certified recycled paper.

Highlights the lesson plan "Paper Airplane Science," provided by the Educational Resources Information Center (ERIC) of the National Library of Education. The goal of the lesson plan is to teach students about experimentation with paper airplanes. Discusses the grade levels, objectives, materials needed, and procedures.

Not your typical how-to manual for new teachers, this no-nonsense, jargon-free guide offers a wide variety of tools and tactics for getting through every school day with grace and sanity. Covered in glue, glitter, orange juice--or worse? Make a quick change into the spare set of clothes you keep on hand for just this purpose. Butterflies in your stomach before your first-ever Meet the Teacher Night? Keep your cool by writing the agenda on your board--it'll double as a crib sheet for you. These tips and hundreds more, covering virtually every aspect of teaching, have all been learned the hard way: from real-life classroom experience. Otis Kriegel's "little black book" will be a treasured resource for teachers who want not only to survive but to
