Kid's Box is a six-level course for young learners. Bursting with bright ideas to inspire both teachers and students, Kid's Box American English gives children a confident start to learning English. It also fully covers the syllabus for the Cambridge Young Learners English (YLE) tests. This Resource Pack contains extra photocopiable activities to reinforce and extend each unit of the Student's Book, allowing teachers to cater for mixed-ability classes, as well as tests suitable for YLE preparation. It is accompanied by an Audio CD complete with songs, listening exercises and tests. Level 6 completes the Flyers cycle (CEF level A2).

C. S. Lewis was a British author, lay theologian, and contemporary of J.R.R. Tolkien. The Lion, the Witch, and the Wardrobe is the first book in The Chronicles of Narnia.

Offers activities to students that describe the major themes in world history between 1000 and 1500 C.E., including the increased trade and travel between the countries of Asia, Europe, and Africa.

Travel through a wardrobe to discover your destiny. The activity sheets are great for accountability of the information. Students put themselves in Peter's shoes and imagine how he feels about staying at the Professor's house. Get into the mind of Lucy and predict what she will do about what she learns of the wardrobe. Break down the conversation Peter and Susan have with the Professor to determine why it was so strange. Answer multiple choice questions about Narnia's history based on what was read in the novel. Create a map of the Witch's fortress. Draw and describe some of the creatures from the book. Aligned to your State Standards, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: The Lion, the Witch and the Wardrobe mirrors the difficulties of war at home with conflict in a fantastical land. Lucy, Edmund, Peter, and Susan have been sent to live in the country to get away from the air-raids that are affecting London. They find themselves in the care of an old Professor in a large house. To spend the time, the children roam about the house, investigating every nook and cranny. In one particular room lies a large wardrobe filled with fur coats. It's inside this wardrobe that the children find themselves traveling to the magical land of Narnia. Here, the children are immediately plunged into a conflict between the inhabitants of Narnia and the Witch that have cursed them. The children learn that they are part of a prophecy that foretells two human boys and two human girls will defeat the Witch and bring peace to the land. The group meet up with Aslan before an epic battle that sees the children victorious and prosperous as the new Kings and Queens of Narnia. This magical tale allows children to gain control over their destiny and fight for the rights of others.

Ant is honored to receive an invitation to lion's annual dinner party, but is shocked when the other guests behave rudely and then accuse her of thinking only of herself.

Growth Mindsets are recognized as a powerful teaching and learning tool. To avoid misunderstanding, misuse or oversimplification, this new book explores what Mindsets are, what they are not and how effective use of them can support and enhance learning and teaching. It takes a focused look at whether a more general approach to mindsets for all learning in the classroom is more effective than a subject specific approach and explores who Mindsets can work for. It includes a chapter on Mindsets and SEN and also looks at wider issues of self-esteem, mental health and wellbeing. It offers clear guidance backed up by research and avoids quick fixes or suggestions with little evidence base. The text will appeal to teachers as a pragmatic and trusted guide to a well-known strategy proven to enhance learning.

The story of Sundiata, who overcame physical handicaps, social disgrace, and strong opposition to rule Mali in the thirteenth century.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

When the Sudanese civil war reaches his village in 1985, 11-year-old Salva becomes separated from his family and must walk with other Dinka tribe members through southern Sudan, Ethiopia and Kenya in search of safe haven. Based on the life of Salva Dut, who, after emigrating to America in 1996, began a project to dig water wells in Sudan. By a Newbery Medal-winning author.
