Love Must Be Tough by Dobson, James C. (ebook)

But before the expression slides too quickly into the American vernacular, let us pause to remember that it was 1983, over twenty-five years ago, that Dr. James Dobson coined not only the term in his landmark book on marriage and parenthood, Love Must Be Tough, but also the concept that a mature love relationship is one that is built on mutual respect and genuine accountability.

Supplies guidance on techniques for avoiding divorce by transforming a deteriorating marriage into a healthy, loving, and respectful relationship.

Provides advice for Christian parents on the true meaning of femininity, how to cope with the challenges involved in raising girls, and how to bring up their daughters to be happy, healthy, and God-fearing.

Everybody wants to fall in love, but so many relationships end in heartbreak instead of happily-ever-after. Now one of the nation's most trusted voices on family relationships, Dr. James Dobson, offers this practical guide to love—what it is and what it isn't—for couples and dating singles. First and foremost, Dr. Dobson wants everyone who is looking for love to understand the myth vs. the reality of emotions, and Head Over Heels includes the one-of-a-kind “What Do You Believe About Love? Quiz” to help readers separate fact from fiction. With gentle frankness, he discusses the joy and beauty of sex in marriage as well as the destruction and heartbreak that sex outside of marriage inevitably brings to hearts, minds and bodies. Also included is a learning/discussion section with questions and Scripture references for personal or group study, plus a poignant, heart-warming letter from Dr. Dobson to his beloved wife, Shirley.

This bestselling classic has brought hope, harmony, and healing to millions of homes for over fifteen years. Strengthen and celebrate your own marriage with Dr. Dobson's powerful insights!

Recalling pivotal moments from her dynamic career on the front lines of American diplomacy and foreign policy, Susan E. Rice—National Security Advisor to President Barack Obama and US Ambassador to the United Nations—reveals her surprising story with unflinching candor in this New York Times bestseller. Mother, wife, scholar, diplomat, and fierce champion of American interests and values, Susan Rice powerfully connects the personal and the professional. Taught early, with tough love, how to compete and excel as an African American woman in settings where people of color are few, Susan now shares the wisdom she learned along the way. Laying bare the family struggles that shaped her early life in Washington, DC, she also examines the ancestral legacies that influenced her. Rice's elders—immigrants on one side and descendants of slaves on the other—had high expectations that each generation would rise. And rise they did, but not without paying it forward—in uniform and in the pulpit, as educators, community leaders, and public servants. Susan too rose rapidly. She served throughout the Clinton administration, becoming one of the nation's youngest assistant secretaries of state and, later, one of President Obama's most trusted advisors. Rice provides an insider's account of some of the most complex issues confronting the United States over three decades, ranging from “Black Hawk Down” in Somalia to the genocide in Rwanda and the East Africa embassy bombings in the late 1990s, and from conflicts in Libya and Syria to the Ebola epidemic, a secret channel to Iran, and the opening to Cuba during the Obama years. With unmatched insight and characteristic bluntness, she reveals previously untold stories behind recent national security challenges, including confrontations with Russia and China, the war against ISIS, the struggle to contain the fallout from Edward Snowden's NSA leaks, the U.S. response to Russian interference in the 2016 election, and the surreal transition to the Trump administration. Although you might think you know Susan Rice—whose name became synonymous with Benghazi following her Sunday news show appearances after the deadly 2012 terrorist attacks in Libya—now, through these pages, you truly will know her for the first time. Often mischaracterized by both political opponents and champions, Rice emerges as neither a villain nor a victim, but a strong, resilient, compassionate leader. Intimate, sometimes humorous, but always candid, Tough Love makes an urgent appeal to the American public to bridge our dangerous domestic divides in order to preserve our democracy and sustain our global leadership.

"I don't love you anymore." These simple words have the power to send the listener into shock, denial, and desperation. The obvious response is to ask oneself, "What can I do to win my partner back?" In I Don't Love You Anymore, Dr. David Clarke provides just the battle plan needed. Contrary to what many relationship "experts" recommend—weak, passive plans that involve begging or romancing a spouse back—Clarke offers an approach that he calls guerilla love, which essentially turns the tables on the wandering spouse. He outlines the biblical view of marriage and instructs readers on: Drawing healthy boundaries. Five things he really means when he says, "I don't love you anymore." The most popular "exit lies" and how to see through them. Classic symptoms of a person who is having an affair. Most important, Clarke empowers and equips readers to make the best, most God-honoring, attempt at saving a marriage.

Dr. James Dobson provides practical guidelines and simple steps to help anyone understand their emotions so that they can improve interaction with others. Love, anger and guilt are emotions that can be a very positive force in our lives if we lean to recognize and cope with these aspects of who we are. The sound teaching of this book will help dispel the myths surrounding the way we think about our emotions and will separate distorted thinking from the real thing—for instance, distinguishing between infatuation and true love. Learn how to interpret and understand a broad range of emotions and separate fantasy from reality.

Here's sensible advice and caring encouragement on raising boys from the nation's most trusted parenting authority, Dr. James Dobson. With so much confusion about the role of men in our society, it's no wonder so many parents and teachers are asking questions about how to bring up boys. Why are so many boys in crisis? What qualities should we be trying to instill in young males? Our culture has vilified masculinity and, as a result, an entire generation of boys is growing up without a clear idea of what it means to be a man. In the runaway bestseller Bringing Up Boys, Dr. Dobson draws from his experience as a child psychologist and family counselor, as well as extensive research, to offer advice and encouragement based on a firm foundation of biblical principles.

A reference source for concerned parents covers issues of discipline, schooling, finances, sibling rivalry, and the dreaded teen years, among other important topics. Original.

Dr. Dobson's suggestions for marital happiness are interesting, practical, and humorous.
