With ambition, drive, and talent, you can rise to the top of your chosen profession regardless of where you started out. But companies today aren't managing your career-- you must be your own chief executive officer. It's up to you to carve out your place in the world and know when to change course. In this short work Drucker gives you the keys to unlock your full potential so that you can achieve true and lasting

excellence.

We live in an age of unprecedented opportunity: with ambition, drive, and talent, you can rise to the top of your chosen profession regardless of where you started out. But with opportunity comes responsibility. Companies today aren't managing their knowledge workers careers. Instead, you must be your own chief executive officer. That means it's up to you to carve out your place in the world and know when to change course. And it's up to you to keep yourself engaged and productive during a career that may span some 50 years. In *Managing Oneself*, Peter Drucker explains how to do it. The keys: Cultivate a deep understanding of yourself by identifying your most valuable strengths and most dangerous weaknesses; Articulate how you learn and work with others and what your most deeply held values are; and Describe the type of work environment where you can make the greatest contribution. Only when you operate with a combination of your strengths and self-knowledge can you achieve true and lasting excellence. *Managing Oneself* identifies the probing questions you need to ask to gain the insights essential for taking charge of your career. Peter Drucker was a writer, teacher, and consultant. His 34 books have been published in more than 70 languages. He founded the Peter F. Drucker Foundation for Nonprofit Management, and counseled 13 governments, public services institutions, and major corporations.

-Originally published in Harvard Business Review in March 1999 and June 2004---Title page verso.

*Managing your boss: Isn't that merely manipulation? Corporate cozying up? Not according to John Gabarro and John Kotter. In this handy guidebook, the authors contend that you manage your boss for a very good reason: to do your best on the job—and thereby benefit not only yourself but also your supervisor and your entire company. Your boss depends on you for cooperation, reliability, and honesty. And you depend on him or her for links to the rest of the organization, for setting priorities, and for obtaining critical resources. By managing your boss—clarifying your own and your supervisor's strengths, weaknesses, goals, work styles, and needs—you cultivate a relationship based on mutual respect and understanding. The result? A healthy, productive bond that enables you both to excel. Gabarro and Kotter provide valuable guidelines for building this essential relationship—including strategies for determining how your boss prefers to process information and make decisions, tips for communicating mutual expectations, and tactics for negotiating priorities. Thought provoking and practical, *Managing Your Boss* enables you to lay the groundwork for one of the most crucial working relationships you'll have in your career.*

The path to your professional success starts with a critical look in the mirror. If you read nothing else on managing yourself, read these 10 articles (plus the bonus article "How Will You Measure Your Life?" by Clayton M. Christensen). We've combed through hundreds of Harvard Business Review articles to select the most important ones to help you maximize yourself. HBR's 10 Must Reads on Managing Yourself will inspire you to: Stay engaged throughout your 50+-year work life Tap into your deepest values Solicit candid feedback Replenish physical and mental energy Balance work, home, community, and self Spread positive energy throughout your organization Rebound from tough times Decrease distractibility and frenzy Delegate and develop employees' initiative This collection of best-selling articles includes: bonus article "How Will You Measure Your Life?" by Clayton M. Christensen, "Managing Oneself," "Management Time: Who's Got the Monkey?" "How Resilience Works," "Manage Your Energy, Not Your Time," "Overloaded Circuits: Why Smart People Underperform," "Be a Better Leader,

Have a Richer Life," "Reclaim Your Job," "Moments of Greatness: Entering the Fundamental State of Leadership," "What to Ask the Person in the Mirror," and "Primal Leadership: The Hidden Driver of Great Performance."

Position yourself for success. Get more of the management ideas you want, from the authors you trust, with HBR's 10 Must Reads on Managing Yourself (Vol. 2). We've combed through hundreds of Harvard Business Review articles and selected the most important ones to help you stay engaged, be productive, and continue to grow throughout your working life. With insights from leading experts including Susan David, Joseph Badaracco, and Laura Morgan Roberts, this book will inspire you to: Identify your purpose and translate it into action Make time to learn—and stay relevant in a world of rapid change Turn your strengths into superpowers Spend more time on the work that matters Tackle even your toughest decisions with confidence Reduce burnout from collaboration Take a stand for yourself and for others This collection of articles includes "From Purpose to Impact," by Nick Craig and Scott A. Snook; "Learning to Learn," by Erika Andersen; "Making Yourself Indispensable," by John H. Zenger, Joseph R. Folkman, and Scott K. Edinger; "Make Time for the Work That Matters," by Julian Birkinshaw and Jordan Cohen; "Collaboration Without Burnout," by Rob Cross, Scott Taylor, and Deb Zehner; "Emotional Agility," by Susan David and Christina Congleton; "How to Tackle Your Toughest Decisions," by Joseph L. Badaracco; "How Dual-Career Couples Make It Work," by Jennifer Petriglieri; "Cultivating Everyday Courage," by James R. Detert; "Be Your Own Best Advocate," by Deborah M. Kolb; "Building an Ethical Career," by Maryam Kouchaki and Isaac H. Smith; "When and How to Respond to Microaggressions," by Ella F. Washington, Alison Hall Birch, and Laura Morgan Roberts. HBR's 10 Must Reads paperback series is the definitive collection of books for new and experienced leaders alike. Leaders looking for the inspiration that big ideas provide, both to accelerate their own growth and that of their companies, should look no further. HBR's 10 Must Reads series focuses on the core topics that every ambitious manager needs to know: leadership, strategy, change, managing people, and managing yourself. Harvard Business Review has sorted through hundreds of articles and selected only the most essential reading on each topic. Each title includes timeless advice that will be relevant regardless of an ever-changing business environment.

Change is the one constant in business, and we must adapt or face obsolescence. Yet certain challenges never go away. That's what makes this book "must read." These are the 10 seminal articles by management's most influential experts, on topics of perennial concern to ambitious managers and leaders hungry for inspiration--and ready to run with big ideas to accelerate their own and their companies' success. If you read nothing else - full stop - read: Michael Porter on creating competitive advantage and distinguishing your company from rivals John Kotter on leading change through eight critical stages Daniel Goleman on using emotional intelligence to maximize performance Peter Drucker on managing your career by evaluating your own strengths and weaknesses Clay Christensen on orchestrating innovation within established organizations Tom Davenport on using analytics to determine how to keep your customers loyal Robert Kaplan and David Norton on measuring your company's strategy with the Balanced Scorecard Rosabeth Moss Kanter on avoiding common mistakes when pushing innovation forward Ted Levitt on understanding who your customers are and what they really want C. K. Prahalad and Gary Hamel on identifying the unique, integrated systems that support your strategy

In the spring of 2010, Harvard Business School's graduating class asked HBS professor Clay Christensen to address them—but not on how to apply his principles and thinking to their post-HBS careers. The students wanted to know how to apply his wisdom to their personal lives. He shared with them a set of guidelines that have helped him find meaning in his own life, which led to this now-classic article. Although Christensen's thinking is rooted in his deep religious faith, these are strategies anyone can use. Since 1922, Harvard Business Review has been a leading source of breakthrough ideas in management practice. The Harvard Business Review Classics series now offers you the opportunity to make these seminal pieces a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world.

Post-Capitalist Society provides an analysis of the transformation of the world into a post-capitalist society. This transformation, which will not be completed until 2010 or 2020, has already changed the political, economic, social, and moral landscape of the world. The book reviews and revises the social, economic, and political history of the Age of Capitalism and of the nation state. It argues that the real and controlling resource and the absolutely decisive 'factor of production' is neither capital, nor land, nor labor. It is knowledge. Instead of capitalists and proletarians, the classes of the post-capitalist society are knowledge workers and service workers. This book covers a wide range of topics, dealing with post-capitalist society; with post-capitalist polity; and with new challenges to knowledge itself. The focus is on the developed countries—on Europe, on the United States and Canada, on Japan and the newly developed countries on the mainland of Asia, rather than on the developing countries of the Third World. The areas of discussion—Society, Polity, and Knowledge—are arrayed in order of predictability.
