In Wolf's retelling, Medea is no mere tale of scorned passion and bloody revenge but rather a complex weave of power and politics. In it Jason is the pawn in a greater struggle between King Creon, who harbors his own nasty secret, and Medea, a wise woman who knows too much about what goes on in Creon's kingdom.

Christa Wolf

Wolf was born the daughter of Otto and Herta Ihlenfeld, in Landsberg an der Warthe, then in the Province of Brandenburg; the city is now Gorzów Wielkopolski, Poland. After World War II, her family, being Germans, were expelled from their home on what had become Polish territory.

Christa Wolf - Wikipedia

Wolf's Medea is an intense, passionate, assertive woman who questions and even challenges the power of two kings. At home in Colchis, there is a movement among the lower classes, which is supported by Medea, to invoke an old law that will force King Aeëtes to step down in deference to his son, the next in line for the throne.

husband, the hero Jason. He is welcomed, but she is branded the outsider-and then she discovers the appalling secret behind the king's claim to power. Unwilling to ignore the horrifying truth about the state, she becomes a threat to the king and his ruthless advisors; abandoned by Jason and made a public scapegoat, she is reviled as a witch and a murderess. Long a sharp-eyed political observer, Christa Wolf transforms this ancient tale into a startlingly relevant commentary on our times. Possessed of the enduring truths so treasured in the classics, and yet with a thoroughly contemporary spin, her Medea is a stunningly perceptive and probingly honest work of fiction.

This broad-ranging introduction to the author, her work and times builds upon and moves beyond such foundational interpretative frameworks by articulating the global relevance of Wolf's oeuvre today, also for non-German readers. Thus, it brings East German culture alive to students, teachers, scholars and the general public by connecting the socialist German Democratic Republic (GDR) and the lived experiences of its citizens to nations and cultures around the world. The collection focuses on topical matters including the search for authenticity, agency, race, cosmopolitanism, gender, environmentalism, geopolitics, war, and memory debates, as well as movie adaptations and Wolf's film

Christa Wolf's mesmerizing short novel--a bestseller in Germany--is a supreme work of political and philosophical insight by one of Europe's great writers. Alive with myth and metaphor, rich in historical and literary allusion, it draws a nuanced, witty, and utterly compelling portrait of a person and a society close to death yet still capable of recovery.

These critically diverse and innovative essays are aimed at restoring the social context of ancient Greek drama. Theatrical productions, which included music and dancing, were civic events in honor of the god Dionysos and were attended by a politically stratified community, whose delegates handled all details from the seating arrangements to the qualifications of choral competitors. The growing complexity of these performances may have provoked the Athenian saying "nothing to do with Dionysos" implying that theater had lost its exclusive focus on its patron. This collection considers how individual plays and groups of dramas pertained to the concerns of the body politic and how these issues
