A special 20th anniversary edition of the beloved international bestseller that changed millions of lives Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded,

and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He reconnected with Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class:" lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

The New York Times and Wall Street Journal bestseller about how Mitch McConnell has been bad for Kentucky—and why he needs to be voted out of office from the founder of Kentucky Sports Radio and attorney Matt Jones. They say all politics is local. In 2020, Mitch McConnell will have served five full terms as a US Senator. Thirty years. The Senate Majority leader's power is as undeniable as it is infuriating, and the people of Kentucky have had enough. Led by Matt Jones, they (and they alone) have the power to oust him from office. How did Jones, a local boy turned attorney turned sports radio host come to shine the brightest light on McConnell's ineptitude? Simple—he knows Kentucky inside and out, and has used the state's love of sports as an entry point for showcasing how McConnell has failed his fellow citizens both economically and socially for three decades. Entertaining, maddening, yet ultimately inspiring, these stories from Kentuckians in each of its 120 counties illustrate the Senate Majority leader's stunning shortcomings. "Jones employs a sharp, political scalpel eviscerating McConnell...[and this book is] an effective combination of description and vivisection" (Kirkus Reviews). Jones brings his trademark wit and wisdom throughout the book, while also offering a beautiful portrait of a state with arguably the most untapped potential in our country. Ultimately, the white-hot hatred for McConnell on the coasts is just white noise. Only the people of Kentucky can remove him from office. Here, Matt Jones demonstrates he has the influence, charisma, and institutional knowledge to lead the charge. He and his fellow Kentuckians have had enough—and they're ready for a fight.

Ferrell Swan has fled the shambles of his life in Ohio for the vast and empty landscape of Idaho's high desert. Here he tries to escape his past and its failures—even to escape memory itself. He seeks solace in sunrises and sunsets, wild mustangs and wheeling hawks, and the coyotes that roam his one hundred acres of scrubland. Mitch Kowalski has translated his considerable understanding of tomorrow's legal profession into an original, provocative and entertaining narrative. Professor Richard Susskind, author of

The End of Lawyers? This is the most innovative law practice management book I've ever seen. Mitch has deftly combined an engaging novel about the lives of working lawyers with an illuminating treatise on how law firms must respond to extraordinary change in the legal marketplace. Avoiding Extinction is as entertaining as it is instructive -- and it couldn't be more timely. Jordan Furlong, Partner, Edge International This is a must read for managing partners, and for all lawyers under the age of 50. Written as a parable, once you pick it up it's difficult to put down. And it literally screams relevance to the lives of those lawyers today who worry about the sustainability of the current model of legal practice. Big firm or small. City or rural no matter, this book is for you. Can the law be both a profession and a business? Is it possible to escape the tyranny of the billable hour? Is it realistic to imagine being a truly happy lawyer in private practice in the twenty-first century? You bet and Mitch Kowalski shows us how! Ian Holloway QC, Dean of Law, The University of Calgary Avoiding Extinction is the most original, far-thinking and innovative book on transforming the way that law is practised that I have ever read. Mitch has taken the traditional law firm and turned it upside down. In the process he has reworked the law firm model and given us an insight into how a firm could be structured and run. If you are looking for a creative vision into what a new, truly different law firm could look like, then this book is manna from heaven. David J. Bilinsky, Practice Management Advisor, lawyer and writer on law practice management and technology. Creator of the law blog, Thoughtful Legal Management.

THE NEW YORK TIMES NUMBER ONE BESTSELLER For more than ten years, Mitch Rapp has been on the frontline of the War against Terror. Thousands of miles away, the influential father of a dead terrorist demands retribution for the death of his son at the hands of the infidels. He wants Rapp dead - and his hate-filled plea has found sympathetic ears. In the tangled, duplicitous world of espionage, there are those, even among America's allies, who feel Rapp has grown too effective. They've been looking for an excuse to eliminate America's No.1 counterterrorism operative - and they've decided to seize the chance. The Hunter has become the Hunted. AMERICAN ASSASSIN, book one in the series, is soon to be a MAJOR MOTION PICTURE starring Dylan O'Brien (Maze Runner), Taylor Kitsch (True Detective) and Michael Keaton.
