In between the drunken fans, crazed taxi drivers, leprechauns and lederhosen, Doyle muses on the evolution of soccer as a global phenomenon. He shows a sport where for 90 minutes on the pitch anything seems possible. A game where colonized nations can tackle the power of their colonizers; where oppressed immigrant groups can thoroughly trounce their host countries. This book examines soccer from a new angle. Storage Transmission focuses on the walkers whose everyday and extreme acts have shaped our culture, from philosophers to poets to mountaineers. She profiles some of the most significant walkers in history and fiction--from Wordsworth to Gary Snyder, from Jane Austen's Elizabeth Bennet to Andre Breton's Nadja--finding a profound relationship between walking and thinking and walking and culture. Solnit argues for the necessity of preserving the time and space in which to walk in our ever more car-dependent and accelerated world.
