A 2018 Pura Belpré Author Honor Book *The First Rule of Punk* is a wry and heartfelt exploration of friendship, finding your place, and learning to rock out like no one's watching. There are no shortcuts to surviving your first day at a new school—you can't fix it with duct tape like you would your Chuck Taylors. On Day One, twelve-year-old Malú (María Luisa, if you want to annoy her) inadvertently upsets Posada Middle School's queen bee, violates the school's dress code with her punk rock look, and disappoints her college-professor mom in the process. Her dad, who now lives a thousand miles away, says things will get better as long as she remembers the first rule of punk: be yourself. The real Malú loves rock music, skateboarding, zines, and Soyrizo (hold the cilantro, please). And when she assembles a group of like-minded misfits at school and starts a band, Malú finally begins to feel at home. She'll do anything to preserve this, which includes standing up to an anti-punk school administration to fight for her right to express herself! Black and white illustrations and collage art throughout make *The First Rule of Punk* a perfect pick for fans of books like *Roller Girl* and online magazines like *Rookie*.

How did a working-class girl from Cuba become a symbol of artistic freedom for Cuban Americans and the "Queen of Salsa"? Find out in this addition to the Who HQ library! Although her family and friends know her as Úrsula Hilaria Celia de la Caridad Cruz Alfonso, the world refers to her simply as Celia Cruz. Starting her career in 1950, Celia grew increasingly popular as the new lead singer of the Cuban band Sonora Matancera. Her exceptional vocal range and flashy costumes made fans fall in love with her. Celia's talent took her all around the world, including the United States. After Fidel Castro came to power in Cuba, she wasn't allowed to return to her native country. She and other Cubans who were exiled used their music to express their love for their homeland. Celia rose to the top of the charts in a genre that was dominated by men. She became an award-winning singer and the most popular Latin artist of the twentieth century. Azúcar! indeed!
