ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson’s MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson’s MyLab & Mastering products. NOTE: Make sure to use the dashes shown on the Access Card Code when entering the code. Student can use the URL and phone number below to help answer their questions: http://247pearsoned.custhelp.com/app/home 800-677-6337 Packages Access codes for Pearson’s MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. Used by over 1.5 million science students, the Mastering platform is the most effective and widely used online tutorial, homework, and assessment system for the sciences. The eText pages look exactly like the printed text, and include powerful interactive and customization functions. This is the product access code card for MasteringBiology with Pearson eText and does not include the actual bound book.

Intended primarily for courses in computer concepts and office applications, this text also provides practical content to current and aspiring industry professionals. This book teaches computer concepts and applications together. It engages readers rightaway by using a jobs-focused approach that integrates computer concepts and applications into practical combinations of concepts and skills in the context of a job. With this approach, readers learn how to work in the real world where they will solve problems using computer concepts and skills related to the Internet, Microsoft Office 2013 applications, collaboration, social media, and cloud computing.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. GO! with Office 2016 is the right approach to learning for today's fast-moving, mobile environment. The GO! Series focuses on the job and success skills students need to succeed in the workforce. With GO! All in One, you can teach Computer Concepts and Applications together - the way it is in the real world! Engage your students right away by focusing on jobs and incorporating cloud computing and collaboration in a logical way. And, put concepts into action using a unique, integrated, jobs-focused, unit approach, or take an IC3 approach to help prepare students to take the IC3 exams. By using jobs-related projects, students learn Microsoft Office in the context of a real work environment. With these projects, students learn the how and why at the moment they need to know, and they never get lost because the GO! Series using Microsoft procedural syntax. MyITLab ® is designed with the learner in mind. It provides access to all of the resources, including the interactive eText with videos, IT Concepts simulations, and quick check quizzes built in, plus the Grader Projects and Simulations for Microsoft applications

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. GO! with Office 2016 Getting Started is an Introductory text that offers a chapter on core Office 2016 features, and then one chapter for each of the four primary applications that introduces students to the basic features of each. Using the scenario-based instructional projects students learn the basics and then apply them through mastery, problem-solving, and critical thinking projects. In today's fast-moving, mobile environment, the GO! with Office 2016 series focuses on the job skills needed to succeed in the workforce. With job-related projects that put Microsoft Office® into context, students learn the how and why at the moment they need to know, all in the appropriate Microsoft procedural syntax. For Office 2016, the hallmark guided-practice to skill-mastery pathway is better than ever. Students have many opportunities to work live in Microsoft office to apply the skills they've learned. In addition, these learning objectives are presented in project-based scenarios that prompt students to prove mastery in the context of real-world application. NOTE: This is the standalone book(spiral bound), if you want the book/access card order the ISBN below; 0134582152 / 9780134582153 GO! with Microsoft Office 2016 Getting Started & MyITLab with Pearson eText -- Access Card -- for GO! 2016 with Technology In Action Package Package consists of: 0134444957 / 9780134444956 MyITLab with Pearson eText -- Access Card -- for GO! 2016 with Technology In Action 0134497066 / 9780134497068 GO! with Microsoft Office 2016 Getting Started ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable.
