The acclaimed author presents “three passionate lectures about the state of politics in Israel” in this “humorous, mournful, enraged, and uplifting” volume (Kirkus). A National Jewish Book Award Finalist Israeli author Amos Oz has won numerous awards for his novels capturing the cultural and political complexities of his country, including the Frankfurt Peace Prize, the Primo Levi Prize, and the National Jewish Book Award. But these essays on the universal nature of fanaticism and its possible cures, on the Jewish roots of humanism and the need for a secular pride in Israel, and on the geopolitical standing of Israel in the wider Middle East and internationally, “may contain his most urgent message yet.” (Ruth Eglash, Washington Post). These essays were written, Oz states, “first and foremost” for his grandchildren: they are a patient, learned telling of history, religion, and politics, to be thumbed through and studied, clung to even, as we march toward an uncertain future. “Concise, evocative . . . Dear Zealots is not just a brilliant book of thoughts and ideas—it is a depiction of one man’s struggle, who for decades has insisted on keeping a sharp, strident and lucid perspective in the face of chaos and at times of madness.” —David Grossman, winner of the Man Booker International Prize

Urbandictionary.com--bearing the slogan "Define Your World"--serves more than 1.5 million visitors each month. Perfect for those who want to pick up some new slang and those who want to translate it, Urban Dictionary is a gritty and witty look at our ever-changing language. Urbandictionary.com is a wildly successful site that encourages users to define the world with their own unique terms. In Urban Dictionary, site founder Aaron Peckham culls his more than 170,000 definitions for the funniest, and most provocative phrases that define the modern slang scene. Within urbandictionary.com's lively lexicon are: \* business provocative--Attire used to provoke sexual attention in the workplace. \* communicate--To chat with someone in the same room via instant messaging service instead of in person. \* dandruff--A person who "flakes out" and ditches their friends. \* wingman--A guy who takes one for the team by hooking up with a hot girl's ugly friend so his own

friend can hook up with the hot girl. Perfect for those who want to pick up some new slang and those who want to translate it, Urban Dictionary is a gritty and witty look at our ever-changing language. Urban Dictionary covers the language that encompasses the trials and tribulations that anyone under 30 encounters--and leaves everyone over 30 scratching their heads but wanting to know more.

Jan Richardson, best-selling author of *The Next Step in Guided Reading* and *Next Step Guided Reading Assessment* shows teachers how to plan and teach successful, well-paced lessons from start to finish.

With its wry portrayal of a shallow, materialistic 'leisure class' obsessed by clothes, cars, consumer goods and climbing the social ladder, this withering satire on modern capitalism is as pertinent today as when it was written over a century ago.

A man is shot dead as he runs to catch the bus in the piazza of a small Sicilian town. Captain Bellodi, the detective on the case, is new to his job and determined to prove himself. Bellodi suspects the Mafia, and his suspicions grow when he finds himself up against an apparently unbreachable wall of silence. A surprise turn puts him on the track of a series of nasty crimes. But all the while Bellodi's investigation is being carefully monitored by a host of observers, near and far. They share a single concern: to keep the truth from coming out. This short, beautifully paced novel is a mesmerizing description of the Mafia at work.

This book introduces the reader to both neurolinguistics per se and the neuropsychological aspects of bilingualism. Neurolinguistics may roughly be defined as a subset of neuropsychology, namely the study of the representation and processing of language in the brain. To this effect, the first chapters of the book focus on the basic neuropsychology of language processing and acquisition. The second half of the book addresses the issues of cerebral representation and processing of language in bi-or multilingual subjects. All aspects are systematically dealt with, namely the definition of bilingualism; an analysis of all the issues related to bilingual aphasia, i.e. patterns of recovery of the patients' various languages in diverse population; an investigation of the methodologies used in the study of the neuropsychological aspects of the various linguistic functions, such as comprehension, production and translation; and lastly, the issues of cerebral lateralization and neuroanatomical localization of the numerous cortical and subcortical structures subserving the various language system components in multilingual subjects. It is an excellent introduction to both the neuropsychology of language and the phenomena related to bilingualism. This book will be of particular interest to students of language therapy, aphasiology, applied psycholinguistics, neurolinguistics and, in general, to students of medicine who wish to become more knowledgeable about the specific needs of patients in a multilingual society.

From USA Today Bestselling Romance Author S. E. Lund, Book 3 in the *Unrestrained Series*: Newly engaged, Drake and Kate start their life together in Nairobi, Kenya, where Drake is teaching and working as a surgeon to help out an old friend. Before they can even get settled in their new home, they are faced with challenges to their view of themselves and their relationship. Will their love survive? *Unrestrained* is the third book in the bestselling trilogy in which the intense and passionate relationship between Drake and Kate unfolds as they search for their happy ever after.

Understand How to Analyze and Interpret Information in Ecological Point PatternsAlthough numerous statistical methods for analyzing spatial point patterns have been available for several decades, they haven't been extensively applied in an ecological context. Addressing this gap, Handbook of Spatial Point-Pattern Analysis in Ecology shows how the t

Created through a student-tested, faculty-approved review process with students and faculty, MKTG5 is an engaging and accessible solution to accommodate the diverse lifestyles of today's learners. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The leading elements in this volume are the cultural representation of birth and the forms through which its narration and representation develop in the figurative arts, through historical references, mythological tales and legends, traditions, customs and habits. The influence of myth, language and artistic expression on our cultural representation of procreation is manifest, and this way of "narrating" birth resists even today, although it comes into conflict with a more scientific vision of pregnancy and childbirth. With this book we believe we have contributed to an in-depth examination of illness narratives, thus favouring the search for a convergence between medical language in the sector and the language of cultural experience so that evidence-based medicine does not clash with narrative-based medicine, but that the two languages come together towards a reciprocity that will strengthen the alliance between physician and patient.
