What Does The Name Land Mean? - The Meaning of Names

Starring Guillaume Canet in a convincingly well-worn performance, Land portrays the downward spiral of Pierre Jarjeau, a man of the terroir who takes over the farm from his cruel and unforgiving...

Land is often known by the names of past owners. "Emma's Land," "Gina's quarter," and "the Ingeborg Land" are reminders of the many women who homesteaded across North Dakota in the late nineteenth and early twentieth centuries. Land in Her Own Name records these homesteaders' experiences as revealed in interviews with surviving homesteaders and their families and friends, land records, letters, and diaries. These women's fascinating accounts tell of locating a claim, erecting a shelter, and living on the prairie. Their ethnic backgrounds include Yankee, Scandinavian, German, and German-Russian, as well as African-American, Jewish, and Lebanese. Some were barely twenty-one, while others had reached their sixties. A few lived on their land for life and "never borrowed a cent against it"; others sold or rented the land to start a small business or two provide money for education. For this paperback edition, Elizabeth Jameson's new foreword situates the homesteading experience for women within the larger context of western history.

George R. Stewart's classic study of place-naming in the United States was written during World War II as a tribute to the varied heritage of the nation's peoples. More than half a century later, Names on the Land remains the authoritative source on its subject, while Stewart's intimate knowledge of America and love of anecdote make his book a unique and delightful window on American history and social life. Names on the Land is a fascinating and fantastically detailed panorama of language in action. Stewart opens with the first European names in what would later be the United States:Ponce de León's flowery Florida, Cortés's semi-mythical isle of California, and the red Rio Colorado:before going on to explore New England, New Amsterdam, and New Sweden, the French and the Russian legacies, and the unlikely contributions of everybody from border ruffians to Boston Brahmins. These lively pages examine where and why Indian names were likely to be retained; nineteenth-century lads that gave rise to dozens of Troys and Athens and to suburban Parkside, Brookmontis, and Woodcrest Manors; and deep and enduring mysteries such as why (Arkansas) is Arkansas, except of course when it isn't. Names on the Land will engage anyone who has ever wondered at the curious names scattered across the American map. Stewart's answer is always a story/one of the countless stories that lie behind the rich and strange diversity of the USA.

That many ancient toponyms in the Holy Land have survived for thousands of years, right up to modern times, is a remarkable and unique phenomenon, unparalleled in neighboring countries, such as Egypt, Mesopotamia, or Asia Minor. Preserved toponymy provides a basis for research in the historical geography of the country and is also of major importance for studies in the history of Hebrew and Aramaic, being a kind of ancient "recording" of an archaic linguistic inventory. In addition, it has many implications for a wide variety of other scholarly fields, such as Bible studies, Rabbinics, Qumran and Samaritan studies, early Christianity, Arabic and Islam. This reserve of preserved place-names is therefore frequently consulted and used by scholars for their purposes. Surprisingly, however, despite the importance of this subject, there have been very few attempts to "put things in order," and for many years there have been no rules that would help to understand the changes that occur in toponyms. Accordingly, the prevailing situation in the field of historical geography is one of near-anarchy; lacking hard and fast rules, scholars could find support for their identification of an ancient toponym in any somewhat similar Arabic name. In order to break this vicious circle of conjectures founded on dubious linguistic assumptions, producing "preservation laws" themselves provide an alleged basis for historical identification, and so on. Eitzur has tried, first and foremost, to lay down objective criteria for the selection of positive identifications. On this basis, he has built up a corpus of 177 toponyms representing positive or almost-positive identifications, upon which this study is based. Sixty of these toponyms are then reviewed in depth, tracing their documentation in all languages, throughout recorded history; in the process, the author has tried to locate and analyze whatever changes occurred and when. The linguistic conclusions from the material follow, arranged according to the standard layout of grammar books. Innovative conclusions and ideas in the context of historical geography emerged in the course of the study are listed alphabetically in the last part of the volume.

Title: The Cherokee Land Lottery, Containing a Numerical List of the Names of the Fortunate Drawers in Said Lottery, With an Engraved Map of Each District. by James F. Smith Publisher: New York, Printed by Harper

Follows four young dreamers and outcasts through time and space, from 1453 Constantinople to the future, as they discover resourcefulness and hope amidst peril.

The complete, uncut version of Robert A. Heinlein's all-time masterpiece, the brilliant novel that grew from a cult favorite to a bestseller to a science fiction classic. Raised by Martians on Mars, Valentine Michael Smith is a human who has never seen another member of his species. Sent to Earth, he is a stranger who must learn what it is to be a man. But his own beliefs and his powers far exceed the limits of humankind, and as he teaches them about grokking and water-sharing, he also inspires a transformation that will alter Earth's inhabitants forever...

Alex and Conner Bailey's world is about to change. When the twins' grandmother gives them a treasured fairy-tale book, they have no idea they're about to enter a land beyond all imagining: the Land of Stories, where fairy tales are real. But as Alex and Conner soon discover, the stories they know so well haven't ended in this magical land - Goldilocks is now a wanted fugitive, Red Riding Hood has her own kingdom, and Queen Cinderella is about to become a mother! The twins know they must get back home somehow. But with the legendary Evil Queen hot on their trail, will they ever find the way? The Land of Stories: The Wishing Spell brings readers on a thrilling quest filled with magic spells, laugh-out-loud humour and page-turning adventure.
