The personal story of the famous drag queen from "Midnight in the Garden of Good and Evil" describes an abuse-marked childhood, character development, rise to stardom, and secrets of survival

Fluxus was an art movement of the 1960s and 70s that set out to abolish the canonized art idioms of the day. Pioneers of Conceptual Art and Minimalism, the Fluxus artists were known for their environments, performance art and mass-producible objects. This book is a study of the Fluxus movement.

This is the first book-length study of the narratology of film music, and an indispensable resource for anyone researching or studying film music or film narratology. It surveys the so far piecemeal discussion of narratological concepts in film music studies, and tries to (cautiously) systematize them, and to expand and refine them with reference to ideas from general narratology and film narratology (including contributions from German-language literature less widely known in Anglophone scholarship). The book goes beyond the current focus of film music studies on the distinction between diegetic and nondiegetic music (music understood to be or not to be part of the storyworld of a film), and takes into account different levels of narration: from the extrafictional to "focalizations" of subjectivity, and music's many and complex movements between them. The conceptual toolkit proposed in the first part of the book is put to the text in a series of case studies: of numbers in film musicals; of music and sound in horror films; and of music and narrative structures in, among others, films by Sergio Leone, The Truman Show, Breakfast at Tiffany's and Far from Heaven.

Written when Ernest Hemingway was thirty years old and lauded as the best American novel to emerge from World War I, A Farewell to Arms is the unforgettable story of an American ambulance driver on the Italian front and his passion for a beautiful English nurse. Set against the looming horrors of the battlefield—wary, demoralized men marching in the rain during the German attack on Caporetto; the profound struggle between loyalty and desertion—this gripping, semiautobiographical work captures the harsh realities of war and the pain of lovers caught in its inexorable sweep. Ernest Hemingway famously said that he rewrote the ending to A Farewell to Arms thirty-nine times to get the words right. This edition collects all of the alternative endings together for the first time, along with early drafts of other essential passages, offering new insight into Hemingway's craft and creative process and the evolution of one of the greatest novels of the twentieth century. Featuring Hemingway's own 1948 introduction to an illustrated reissue of the novel, a personal foreword by the author's son Patrick Hemingway, and a new introduction by the author's grandson Sean Hemingway, this edition of A Farewell to Arms is truly a celebration.

Presents entries to inspire and motivate readers trying to find a job or keep an existing position, covering such topics as career branding, dealing with difficult work environments, job hunting, leadership, and interviews.

Argues that McVeigh did not get a fair trial, and that the bombing could not have been done by two men on their own

Terror has come to White Deer Park, driving panic-stricken animals before it. A killer beast is on the loose - a predator so silent and skillful that it leaves almost no trace, and has never been seen. As the deaths mount up, Owl, Fox, Badger and the elders of Farthing Wood meet to make a plan. They have fought tough corners before: have they now, finally, met their match?

"In 1993, Walt Disney Pictures released a movie that would change a generation...but it took a while. Hocus Pocus flopped upon release, and critics everywhere scoffed at this oddball comedy about three wacky witches back from the dead. But then something changed. Far from the forgotten relic it was destined to become, Hocus Pocus has taken its place alongside The Wizard of Oz, Harry Potter, and Home Alone--a bona fide classic that's sure to stay alive for generations to come."--Back cover.
