No nonsense? Should be called no new information. If you are driven enough to read a book on real estate, you don't need pointers like "shop around for a realtor, they work for you" or "clean up take good pictures of your house before listing." It really could use more information about financials. At least it was short and to the point.

Andrew Winter has had enough -- enough of sellers who think their house is the best when the reality is far from it; enough of buyers who expect so much more than they can afford; and enough of dodgy agents who give the industry a bad name. And now, for the first time inside this no-nonsense guide, he has something to say to you. If you're buying or selling property, you need help from someone who knows what they're talking about. Forget the spiel from agents and hype from the media -- read this straight-talking book and discover how to get your foot in the door, find a bargain, sell for a tidy profit or find the home of your dreams. Do you really know how to make money from real estate? Do you know what your house is worth? Do you know the pitfalls of buying a house based on aesthetics? Do you know how to establish a winning tactic for bidding at auctions? Do you know what the agent is thinking? Andrew Winter knows all of these things and more, and he has some cracking stories to tell you along the way. With more than 25 years in the property industry, including as host of the television series Selling Houses Australia on The LifeStyle Channel, Andrew can be trusted to tell it straight.

This work covers a realistic, hard-nosed real-estate investment programme, designed to propel novices and pros to financial independence via savvy rental-housing management. Revised to reflect the current post-real-estate-boom-era realities, this edition covers every aspect of the landlording process, from buying, finances, tax matters and sweat equity to managing fixer-uppers, handling the tenant-landlord relationship and finding hidden gems in rural real estate. Numerous photographs, including a new apartment complex rehab series, complement the text's focus on becoming a successful landlord.

Mark Ferguson, a successful rental property owner, fix and flipper and real estate agent, has learned the best way to find rentals, get great deals, manage properties, finance properties, find great markets and build wealth with rentals. In this book Mark shares with you the information you need to be a successful rental property investor.

Today's most powerful personal finance website transfers its take-noprisoners approach to the printed page Errold Moody and his website efmoody.com have gained a substantial grassroots following --and praise from Forbes, Business- Week, USA Today, and others--for their straight-talking approach and hands-on guidance in all areas of personal finance. No-Nonsense Finance brings the website's wealth of information to a concise yet comprehensive guidebook, outlining a commonsense program for saving regularly, investing wisely, and resisting the impulse to buy unnecessary products and advice. From showing readers how to find advisers they can trust to dispelling myths about asset allocation, dollar-cost averaging, and more, No-Nonsense Finance is the ideal financial reference. Readers will enjoy, and profit from, Moody's irascible, often irreverent advice, including: Why one should never buy stocks from a stockbroker Basic estate planning issues demystified "Caveat Investor" sidebars to highlight key points

Make Money with Affordable Apartment Buildings and Commercial Properties, Second Edition, shows you how to build wealth with affordable multi-unit residential and commercial buildings. Low-priced income properties can yield higher returns than single-family homes?especially if you manage them yourself. This book shows you how to find, assess, buy, and manage apartment buildings, retail offices, self-storage, and other overlooked investment alternatives. In today?s tough housing market, these properties offer great returns.

A practical guide to buying one's first home features information on Internet resources for would-be home buyers, tax regulations, mortgages, real estate listings, agents and brokers, and negotiation with developers

A house is the biggest purchase most people will ever make, but most people don't know the best way to buy a home. The book covers everything you need to know about the home buying and selling process so that you are not taken advantage of. including:- Deciding on how much money to spend on a house(don't let your lender or agent decide for you!)- Deciding whether you should buy or rent- How to get a great deal on a house that will build instant equity- How to get the best loan with less money down (if that is your goal) and the lower overall cost- How to find the best real estate agent and lender and why you need them- How the process works including inspections, appraisals, title insurance, mortgages, closings, escrows, HOAs, etc...- How to fix up your house and maintain it- How to find contractors to help you fix up your house- How to sell your house for the most money- When and if you should refinance your house- A glossary full of definitions for real estate terms- Plus bonus chapters on starting a career in real estateThere has been a lot of talk about real estate being a bad investment. Many financial and economic advisers suggest buying a home may be worse for your finances than renting. However, I think most people do not take the home buying or selling process seriously. They put all their faith in other people to get the right deal done for them. If you blindly buy a house based on what your real estate agent or lender tell you, it may not be a good investment! However, if you are able to find great deals, get a good loan, and take care of your home, real estate can be an incredible tool to build wealth. I am a real estate agent, and real estate investor who has done very well buying hundreds of houses. I try to teach what I know to others to help them make smarter and better decisions. If you know the right way to buy a home, it beats renting every time. There is a lot of information in this book, and depending on your real estate experience you may know some of it, or be familiar with a lot of it. I have created four sections with many chapters to make it easy to navigate. The first part of the book focuses on the bare basics of buying and selling houses, while the later sections go deeper into each aspect of real estate. I hope you enjoy the book and learn how to make your real estate purchases awesome investments.
