Newt Gingrich said that Hillary Clinton's dishonesty could quickly destroy the nation. A strong statement considering a majority of Americans only believe that her deception is merely a symptom of her drive to be filthy rich and President of the United States. If anyone still has any doubt about Clinton's insidious character (or, her husband Bills'), you need only read "Partners In Crime" by Jerome R. Corsi.

In *Partners in Crime*, two-time No. 1 New York Times bestselling author Jerome Corsi presents the detailed research and expert testimony proving beyond a shadow of a doubt that the Clinton Foundation is "a vast, criminal conspiracy," also described in these pages as "a slush fund for grifters." Corsi exposes how the Clintons amassed hundreds of millions of dollars in personal net worth, while building a \$2 billion empire in the Clinton Foundation. The victims are countless thousands of honest people who contributed their hard earned money to what they thought were philanthropic causes. The sordid tale involves suspicion of Enron-like fraudulent accounting practices by none less none less than PricewaterhouseCoopers, a "Big Four" firm, as well as the several "shell corporations" and "pass-through" bank accounts Bill Clinton has established in secret to hide what amount to kickbacks from Clinton Foundation donors and sponsors.

An analysis of the Clinton presidency scrutinizes the "K" Street lobbyists, the military, the bureaucracy, and the key committee staffers on Capitol Hill

"This book on Hillary - really tough." - President Donald Trump Hillary Clinton is running for president as an "advocate of women and girls," but there is another shocking side to her story that has been carefully covered up—until now. This stunning exposé reveals for the first time how Bill and Hillary Clinton systematically abused women and others—sexually, physically, and psychologically—in their scramble for power and wealth. In this groundbreaking book, New York Times bestselling author Roger Stone and researcher and alternative historian Robert Morrow map the arc of Bill and Hillary's crimes and cover-ups. They reveal details about their actions in Arkansas, during Bill Clinton's time in the White House, about who really ordered the deadly attack on the Branch Davidian compound in Waco, during Hillary's tenure as secretary of state, about their time at the Clinton Foundation, and during Hillary's current campaign for president. This is the first book to shed light on the couple's deeply personal violations of the people they crushed in their obsessive quest for power. Along the way, Stone and Morrow reveal the family's darkest secrets, including a Clinton family member's drug rehab treatment that was never reported by the press, Hillary Clinton's unusually close relationship with a top female aide, and a stunning revelation of such impact that it could strip Bill Clinton of his current popularity and derail Hillary's push to be the second Clinton in the White House.

Online Library Partners In Crime The Clintons Scheme To Monetize The White House For Personal Profit

Anyone who cares about the future of the United States will want to read this tell-all, exposing the appalling, unvarnished, and ugly truth about the Clintons. This paperback edition includes a new preface from Roger Stone, revealing explosive new information he's learned since the hardcover's release.

Named one of the most anticipated novels of the season by People, Associated Press, Time, Los Angeles Times, Parade, St. Louis Post-Dispatch, The Guardian, Publishers Weekly, and more. From the #1 bestselling authors Hillary Clinton and Louise Penny comes a novel of unsurpassed thrills and incomparable insider expertise—State of Terror. After a tumultuous period in American politics, a new administration has just been sworn in, and to everyone's surprise the president chooses a political enemy for the vital position of secretary of state. There is no love lost between the president of the United States and Ellen Adams, his new secretary of state. But it's a canny move on the part of the president. With this appointment, he silences one of his harshest critics, since taking the job means Adams must step down as head of her multinational media conglomerate. As the new president addresses Congress for the first time, with Secretary Adams in attendance, Anahita Dahir, a young foreign service officer (FSO) on the Pakistan desk at the State Department, receives a baffling text from an anonymous source. Too late, she realizes the message was a hastily coded warning. What begins as a series of apparent terrorist attacks is revealed to be the beginning of an international chess game involving the volatile and Byzantine politics of Pakistan, Afghanistan, and Iran; the race to develop nuclear weapons in the region; the Russian mob; a burgeoning rogue terrorist organization; and an American government set back on its heels in the international arena. As the horrifying scale of the threat becomes clear, Secretary Adams and her team realize it has been carefully planned to take advantage of four years of an American government out of touch with international affairs, out of practice with diplomacy, and out of power in the places where it counts the most. To defeat such an intricate, carefully constructed conspiracy, it will take the skills of a unique team: a passionate young FSO; a dedicated journalist; and a smart, determined, but as yet untested new secretary of state. State of Terror is a unique and utterly compelling international thriller cowritten by Hillary Rodham Clinton, the 67th secretary of state, and Louise Penny, a multiple award-winning #1 New York Times bestselling novelist.

Hillary's America by Dinesh D'Souza | Book Summary A look at the ongoing elections paints a very different picture from the truth. What many don't know is that the media's obsession with Donald Trump is a well-crafted scheme by the Democrats to maintain focus away from them. This may seem like an outrageous claim at first but it will become clear as you continue to read this book. One way of ensuring that people don't start questioning Hillary Clinton's achievements and the people destroyed by her ways, is keeping the spot light away from her as much as possible. The Democrats wish to maintain the picture they have painted of Hillary as a people's champion intact. On looking at her trail since she got into politics, a very different picture comes into view of this very woman. Hillary Clinton however is not the only culprit of hiding her true self from the public to gain votes; she is just one example. The Democratic Party candidates from Obama to Bill all through to their founders have the same characteristics of twisting the truth to suit their dubious ways. Contrary to what Progressives claim, it was them that supported slavery so as to get free labor and the Republicans are the heroes of Civil Rights. This is just one of the many pieces of history that they have corrupted to earn votes. From corruption, protecting criminals in court, pardoning criminals in jail and blaming victims the Clintons have done it all. But due to the heavy investments of the Democratic Party in the media the truth is often swept under the rug and the Democratic criminal walks away. The public is then fed a lie and their tyranny continues. The Democratic Party's past upon

Online Library Partners In Crime The Clintons Scheme To Monetize The White House For Personal Profit

scrutiny is also filled with similar stories. While Progressives argue that the sins of their founders cannot be blamed on the current party, they Clintons continue with their tricks stealing from third world countries, over throwing foreign governments all in the name of enriching themselves while thousands die and others are displaced. These are just a few examples of the many more evils discussed in the following chapters on the ways of the Democrats. The author later on looks at why the Republicans have not respond effectively to the Democrats and what they can do to beat them in the coming elections. Here Is A Preview Of What You'll Learn... The Deep State isn't finished trying to destroy President Donald Trump—they've only just begun. Coup d'Etat blows the lid off the Deep State's efforts to prevent the Trump presidency, disrupt his agenda, and prevent his reelection. In this book you'll learn: • The truth behind Robert Mueller's Special Counsel baseless investigation. • The identity of the Trump cabinet member who proposed wearing a wire to take down Trump. • How the FBI entrapped members of the Trump team—and how they unsuccessfully tried the same with Corsi. • How the Democratic establishment faked evidence of Russian interference. • The truth behind Julian Assange's arrest, and what the Deep State wants to prevent him from exposing. • How the FBI abused FISA law to spy on Trump—and how they tried to hide it. • Mueller's continued coverup that the media refuses to report. This is the book the Deep State and the media don't want you to read.

For the first time in paperback, New York Times best-selling author Roger Stone's insider tell-all about the presidential campaign that shocked the world. This consummate political strategist continues to be front page news and has updated the book to respond to Robert Mueller's charges. Two years ago, Roger Stone, a New York Times bestselling author, longtime political adviser and friend to Donald Trump, and consummate Republican strategist, gave us *Making of the President 2016*—the first in-depth examination of how Trump's campaign delivered the biggest presidential election upset in history. But since then, the Deep State political establishment has worked tirelessly to undo those results. *The Myth of Russian Collusion* adds to and updates Stone's initial work to set the record straight. Trump's election win was a resounding repudiation of the failed leadership of both parties. The American people wanted something new, and President Trump has delivered: his tax cuts and regulatory rollbacks have given us the strongest economy in American history, he is relentless in his efforts to protect American citizens, and he refuses to do business as usual. But America's ruling elite and liberal media, feeling threatened, have conspired to create the biggest witch hunt in our country's history. The phony narrative that Trump was in cahoots with Vladimir Putin, Mueller's charges that Roger Stone knew about the Wikileaks emails before release—all is debunked here. With a new introduction that responds to the Mueller investigation, *The Myth of Russian Collusion* is the true story of the Trump campaign that the establishment doesn't want you to believe.

In the tradition of Theodore White's landmark books, the definitive look at how Donald J. Trump shocked the world to become president From Roger Stone, a New York Times bestselling author, longtime political adviser and friend to Donald Trump, and consummate Republican strategist, comes the first in-depth examination of how Trump's campaign tapped

Online Library Partners In Crime The Clintons Scheme To Monetize The White House For Personal Profit

into the national mood to deliver a stunning victory that almost no one saw coming. In the early hours of November 9, 2016, one of the most contentious, polarizing, and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J. Trump to concede, shocking a nation that had, only hours before, given little credence to his chances. Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media. Stone, a long time Trump retainer and confidant, gives us the inside story of how Donald Trump almost single-handedly harnessed discontent among "Forgotten Americans" despite running a guerrilla-style grass roots campaign to compete with the smooth running and free-spending Clinton political machine. From the start, Trump's campaign was unlike any seen on the national stage—combative, maverick, and fearless. Trump's nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security. Here Stone outlines how Donald Trump skillfully ran as the anti-Open Borders candidate as well as a supporter of American sovereignty, and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters. The veteran adviser to Nixon, Reagan, and Trump charts the rise of the alt-conservative media and the end of the mainstream media monopoly on voter impacting information dissemination. This is an insider's view that includes studying opposition research into Bill, Hillary, and Chelsea Clinton's crimes, and the struggle by the Republican establishment to stop Trump and how they underestimated him. Stone chronicles Trump's triumph in three debates where he skillfully lowered expectation levels but skewered Mrs. Clinton for the corruption of the Clinton Foundation, her mishandling of government email, and her incompetence as Secretary of State. Stone gives us the inside word on Julian Assange, Wikileaks, Clinton campaign chief John Podesta, Huma Abedin, Anthony Weiner, Carlos Danger, Doug Band, Jeffery Epstein, and the efforts to hide the former first lady's infirmities and health problems. Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e-mails released by Wikileaks came from the Russians. The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton's weaknesses, particularly her reputation as a crooked insider, and ignited the passions of out-of-work white men and women from the rust belt and beyond, at a time when millions of Americans desperately wanted change. Stone also reveals how and why the mainstream media got it wrong, including how the polls were loaded and completely misunderstood who would vote. Stone's analysis is akin to Theodore H. White's seminal book The Making of the President 1960. It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard-bitten political survivor who Donald Trump called "one tough cookie."

An analysis of the Clinton presidency scrutinizes the "K" Street lobbyists, the military, the bureaucracy, and the key committee staffers on Capitol Hill

For the first time, the definitive answer to the relative disappearance of Bernie Sanders and his political revolution in our new Trumpocracy. One year into Donald Trump's presidency, the US 2016 presidential election is still being fought by both parties. As the case of Russian hacking and collusion is investigated, and Hillary Clinton desperately attempts to explain "What Happened" to her and why she lost, a more important question, one haunted by shadowy tactics and campaign double-dealing, rings out: What happened to Bernie Sanders? Jared H. Beck, Esq., the lawyer suing the Democratic National Committee and Debbie Wasserman Schultz for collusion and fraud?for conspiring as a whole to make sure Hillary Clinton was the Democratic presidential candidate?has now written the book on what truly transpired during the Democratic primaries and National Convention. What Happened to Bernie Sanders? is

Online Library Partners In Crime The Clintons Scheme To Monetize The White House For Personal Profit

organized in sections: Democracy Demands the Truth Stories with No Fingerprints A Bankrupt Institution Rule of Law Demands Consequences Using uncovered documents and other primary sources, Beck shows that Bernie Sanders lost to Hillary Clinton because he never had a chance to win. He illustrates how a web of forces, emanating from elite interests through the mainstream media and Democratic political establishment, and fronted by the Democratic National Committee, operated to ensure that Clinton would secure the nomination. The story of the 2016 Democratic primaries is not one of being “stronger together” or “making America great again”; it is one of how corruption has critically eroded America’s political institutions to the point of crippling democracy itself.
