DISTRICT-ID (E0212) indicates the district identification number registered with the Texas Education Agency. DISTRICT-ID on the 415 Course Completion records must match the value for DISTRICT-ID on the LEA 010 District record.

The Texas Model for Comprehensive School Counseling Programs is a resource to develop effective and high quality comprehensive school counseling programs that align with Texas statutes and rules governing the work of school counselors. It outlines a process for tailoring school counseling programs to meet the varying needs of students across an array of school districts through implementation of the four components of school counseling programs, Guidance Curriculum, Responsive Services, Individual Planning, and System Support. With this resource, a school counselor will learn to use campus-specific data to identify the unique needs of a campus and design a comprehensive school counseling program to meet those needs. Recognizing the important roles of the entire educational community, the Texas Model for Comprehensive School Counseling Programs provides examples of how parents, teachers, administrators, principals and school counselors can best contribute to implementation of each of the four components of comprehensive school counseling programs. It provides a developmental framework for a school counseling program curriculum that includes activities at each grade level to enhance students' educational, career, personal and social development.
