Reading a blueprint is like reading a road map. It tells you exactly what you are required to build. Read it wrong and you will build it wrong -- and that can be expensive. This book explains how to read and interpret all types of electrical drawings and diagrams used in residential and commercial construction. There are details on electrical floor plans, lighting layouts, and schematics showing single line and block or power-riser diagrams for wiring circuits. Learn how to lay out an electrical project, what to look out for in dealing with construction specifications and drawings -- especially in terms of today's technology, how to use an engineer's scale for developing and reading site plans, and how to make up and use panel board, connected-load, and other schedules.

This comprehensive book has been developed to quickly train an average person for the vast commercial and residential refrigeration and air-conditioning market within a short period of time. It provides all the technical knowledge needed to start a successful refrigeration and air-conditioning business anywhere in the world.

BROKEN BUT NOT LOST The dark shadow cast by an ancient prophecy shatters an innocent family, but all that is broken is not lost and will rise again. Half-blood sorceress, Talia, had a unique childhood. Instructed in combat skills and trained to escape detection, she was schooled to face an unknown menace. Yet, when her family's worst nightmare comes to pass, Talia finds her protected life spinning out of control. Everything she believes in, and everyone she loves, is cruelly snatched away. Talia is forced to flee the attentions of a mad king and denied her supernatural legacy. She chooses the path of retribution, devoid of love and friendship, but learns that sometimes love is received even if not sought. Broken is a tale about Talia's coming of age, reuniting with her family and seeking vengeance. Most of all it chronicles Talia's rise from the ashes and her journey into finding herself again. Read Talia's epic saga of love, sacrifice, friendship, and discovering the hero within set against a background of time travel and supernatural forces.

Izzy Gallo has never been described as a member of the weaker sex. She ' s a woman who doesn ' t take shit from anyone. Growing up with four older overprotective brothers has hardened her, making her a force to be reckoned with. Against the wishes of her two brothers, Joe and Mike, Izzy takes a weekend trip to Bike Week in Daytona, turning her world upside down. Over her head, in a world she doesn ' t understand, there ' s only one man who can save her. James Caldo has dedicated his life to protect and serve as a member of the DEA. He ' s cocky, overbearing, and doesn ' t take no for an answer -- the Gallo men have nothing on him. When their paths cross, James makes Izzy question everything she believes about completely surrendering to the opposite sex. Does James have what it takes to overpower the headstrong Izzy, capturing her heart forever?
