Playgirl was an American magazine that featured general interest articles, lifestyle and celebrity news, in addition to nude or semi-nude men. In the 1970s and 1980s, the magazine printed monthly and was marketed mainly to women, although it had a significant gay male readership. The magazine was founded in 1973 by Douglas Lambert during the height of the feminist movement as a response to ...

Playgirl 1992 Man of the Year: Height: 5' 10½" (1.79 m) Dirk Alan Shafer (November 7, 1962 — March 5, 2015) was an American model, actor, screenwriter and director. Born in Carbondale, Illinois, he was most noted in the modeling world for having been Playgirl magazine's 1992 "Man of the Year". Shafer related that he did Playgirl for "validation" as a model because he never believed himself ...

A complete introduction to analyzing and enjoying a wide variety of movies, for film students and movie lovers alike Thinking About Movies: Watching, Questioning, Enjoying, Fourth Edition is a thorough overview of movie analysis designed to enlighten both students and enthusiasts, and heighten their enjoyment of films. Readers will delve into the process of thinking about movies critically and analytically, and find how doing so can greatly enhance the pleasure of watching movies. Divided roughly into two parts, the book addresses film studies within the context of the dynamics of cinema, before moving on to a broader analysis of the relationship of films to the larger social, cultural, and industrial issues informing them. This updated fourth edition includes an entirely new section devoted to a complete analysis of the film adaptation of The Girl with the Dragon Tattoo, along with many in-depth discussions of important films such as Citizen Kane and Silence of the Lambs. The chapter on television integrates a major expansion distinguishing between television in the digital era of the convergence of the entertainment and technology industries in comparison to the era of broadcast analogue television. The final chapter places film within the current context of digital culture, globalization, and the powerful rise of China in film production and exhibition. The authors clearly present various methodologies for analyzing movies and illustrate them with detailed examples and images from a wide range of films from cult classics to big-budget, award-winning movies. This helps viewers see new things in movies and also better understand and explain why they like some better than others. Thinking About Movies: Watching, Questioning, Enjoying, Fourth Edition is ideal for film students immersed in the study of this important, contemporary medium and art form as well as students and readers who have never taken a class on cinema before.

An Amazon Best Book of 2016 A celebration of the writing and editing life, as well as a look behind the scenes at some of the most influential magazines in America (and the writers who made them what they are). You might not know Terry McDonnell, but you certainly know his work. Among the magazines he has top-edited: Outside, Rolling Stone, Esquire, and Sports Illustrated. In this revealing memoir, McDonnell talks about what really happens when editors and writers work with deadlines ticking (or drinks on the bar). His stories about the people and personalities he ' s known are both heartbreaking and blingly funny—playing “ acid golf ” with Hunter S. Thompson, practicing brinkmanship with David Carr and Steve Jobs, working the European fashion scene with Liz Tilleris, pitching TV pilots with Richard Price. Here, too, is an expert ' s practical advice on how to recruit—and keep—high-profile talent; what makes a compelling idea; how to grow online traffic that translates into dollars; and how, in whatever format, on whatever platform, a good editor really works, and what it takes to write well. Taking us from the raucous days of New Journalism to today ' s digital landscape, McDonnell argues that the need for clear storytelling from trustworthy news sources has never been stronger. Says Jeffrey Eugenides: “ Every time I run into Terry, I think how great it would be to have dinner with him. Hear about the writers he's known and edited over the years, what the magazine business was like back then, how it's changed and where it's going, inside info about Edward Abbey, Jim Harrison, Annie Proulx, old New York, and the Swimsuit issue. That dinner is this book.”

This newly revised edition of the reference guide to celebrity nudity adds films that became available on videocassette in 1993, as well as older films not listed in earlier editions. Organized into three sections--actresses, actors, and film titles. Listings include PG- through R-rated films.

This novel and entertaining guide has struck a raw--and erogenous--nerve since it first appeared in bookstores two years ago, selling 60,000 copies. This newly revised edition adds films that became available on videocassette in 1992, as well as older films not listed in earlier editions--for an additional 25 percent new material.

One-of-a-kind tribute from one of the best-selling bands in the world direct to their legions of fans. The Red Hot Chili Peppers' performances have become legendary as much for the music and antics on stage as the generous, loving community of people who stand side by side, screaming their approval. This is a fan appreciation book from the band that puts the emphasis where it should be—on the fans. A vivid montage of words from the band members to their fans, it includes hundreds of photos taken at concerts worldwide, and interviews with fifty of the most devoted RHCP fans around the globe. The stories that emerge range from fantastic to tragic, but always inspirational and life-affirming. Lead singer Anthony Kiedis—New York Times best-selling author of his memoir, Scar Tissue—writes about the making of this book, and tells the story of the band's connection with their fans from day one in 1983 and how that relationship has evolved over three decades. Designed with a DIY/fanzine feel, this book is more than a fan tribute: it's a cultural exchange that captures the unique connection of an iconic band as devoted to their fans as the fans are to them.

Gathers color pinup photographs of a variety of handsome young men

In this "vivid and inspiring" NYT bestseller (Newweek), the Red Hot Chili Peppers' lead singer and songwriter shares a searingly honest account of life in the rock scene's fast lane -- from the darkness into the light. In 1983, four self-described "knuckleheads" burst out of the mosh-pitted mosaic of the neo-punk rock scene in L.A. with their own unique brand of cosmic hardcore mayhem funk. Over twenty years later, the Red Hot Chili Peppers, against all odds, have become one of the most successful bands in the world. Though the band has gone through many incarnations, Anthony Kiedis, the group's lyricist and dynamic lead singer, has been there for the whole roller-coaster ride. In Scar Tissue, Kiedis delivers a compelling life story from a man "in love with everything" -- the darkness, the death, the disease. Even his descent into drug addiction was a part of that journey, another element transformed into art. Whether he's honoring the influence of the beautiful, strong women who have been his muses or remembering the roaring crowds of Woodstock and the Dalai Lama's humble compound, Kiedis shares a compelling story about the price of success and excess. Scar Tissue is a story of dedication and debauchery, of intrigue and integrity, of recklessness and redemption -- a story that could only have come out of the world of rock.

X a wily hustler, has a dilemma. The object of his affections is his roommate Andrew, who is confused about his sexuality. Meanwhile, X's other roommate--a seventeen-year-old precocious partyboy--is falling for X in a big way. The result is an old-fashioned (well, sort of) love triangle peppered with savage one-liners-a touching portrait of love and lust among three very different gay men.
