A New York Times Notable Book: This national bestseller is a vivid biography of the meteoric rise and tragic death of art star Jean-Michel Basquiat. Painter Jean-Michel Basquiat was the Jimi Hendrix of the art world. In less than a decade, he went from being a teenage graffiti artist to an international art star; he was dead of a drug overdose at age twenty-seven. Basquiat's brief career spanned the giddy 1980s art boom and epitomized its outrageous excess. A legend in his own lifetime, Basquiat was a

twentieth-century artist, Basquiat's work has permeated the culture, from hip-hop shout-outs to a plethora of products. A definitive biography of this charismatic figure, *Basquiat: A Quick Killing in Art* is as much a portrait of the era as a portrait of the artist; an incisive exposé of the eighties art market that paints a vivid picture of the rise and fall of the graffiti movement, the East Village art scene, and the art galleries and auction houses that fueled his meteoric career. Basquiat resurrects both the painter and his time.
