*Rear remotes are hydraulic quick connection points on the rear of your machine that allow you to easily add and remove your hydraulic implements as needed. These remotes are controlled by a hydraulic control valve. This hydraulic control valve, sometimes referred to as a rear remote valve, is typically connected to your hydraulic system in series with your loader valve via the power beyond.*

*Rear Remotes - Summit Hydraulics*

*There's two types of detents that you can have in a rear remote, and the first of those types will be a float detent, where you push the valve forward and you'll feel a pop and it goes over top of a detent ball, and holds the valve in a forward position. Now, when you pop into that detent, you're going into what's known as float, and when you're in the float position, essentially you're just opening this thing up so the oil can freely flow from one side to the next, without any kind of ...*

*Our valve kits are powered by the power beyond port. The purpose of the power beyond port is to provide auxiliary power to attachments beyond the loader valve. Example: 3 point hitch, rear remotes, backhoe, etc. The majority of tractors / loaders will continue to supply fluid to the power beyond port at all times.*

AdrenalineMoto is an authorized dealer of Parts-Unlimited and claims no ownership or rights to this catalog. The Parts Unlimited 2014 Street catalog is more than "just a book." It is designed to help you and your customers get the most out of your passion for powersports. It showcases the new, exciting, in-demand products, as well as highlighting trusted favorites. The well-organized catalog sections make it easy to find the items you want. And every part is supported with the latest fitment information and technical updates available. Looking for tires? See the Drag Specialties/Parts Unlimited Tire catalog. It has tires, tire accessories and tire/wheel service tools from all the top brands. And for riding gear or casual wear, see the Drag Specialties/ Parts Unlimited Helmet/Apparel catalog. Combine all three catalogs for the most complete powersports resource of 2014.

The M998 HMMV (High Mobility Multipurpose Wheeled Vehicle) was introduced in 1983 to replace the ubiquitous M151 commonly called a Jeep. The HMMV will be replaced by the JLTV with the first fieldings beginning in 2019 for the US Military. This manual is a reprint of the official manual.
