These proceedings represent the work of presenters at the 3rd European Conference on Intellectual Capital (ECIC 2011). The Conference is hosted this year by the University of Nicosia in Cyprus. The Conference Chair is Geoff Turner from the University of Nicosia and the Programme Chair is Clemente Minonne from the School of Management and Law, Zurich University of Applied Sciences, Winterthur, Switzerland. The opening keynote address is given by John Girard from Minot State University in the USA. John will address the question Social Knowledge: Are we ready for the future? The second day of the conference will be opened by Ludo Pyis from AREOPA in Belgium who will consider Intellectual Capital Accounting: how to measure the unmeasurable. We also look forward to a Knowledge Cafe on the topic of What intellectual capital ideas and developments do you expect to live and see? facilitated by Helen Paige from The Paige Group, South Australia.

The objective of this book is to explore the relationship between intellectual capital management and the sustainable development of organizations and society. To do so, it introduces readers to the topic of intellectual capital in the context of several connected entities such as organizations, cities and regions, sharing insights that both reflect the status quo and demonstrate the need for further action. In closing, the book presents practical cases to verify the impact of intellectual capital management on sustainable and competitive development.
