Surveys top-selected science-fiction art from the past 150 years, tracing the form's evolution from the early illustrations of Jules Verne and H. G. Wells, through the classic cover art of pulp magazines, to the paperbacks of the 1960s and 1970s and contemporary film posters and movies. Original.

This perennially popular genre always attracts the most visionary artists, and this book showcases the crème de la crème of contemporary science fiction painters, illustrators and creators, whether established professionals, or brave new talents forging into the future. All aspects of classic science fiction themes are given a fresh perspective by artists examining popular sub-genres such as Sirens of Sci-Fi, Space Travelers and Spacecrafts, Aliens and Alien Worlds, Radical Robots, Incredible Cities, High-Tech War and Steampunk. Crammed full of exquisite art from around the world and fascinating insights from the artists and creators, Sci-Fi Art Now is perfect for fans of the science fiction genre, whether in movies, computer games, comics, book covers or illustrations.

For the first time in illustrated form, this comprehensive history of sc-fi traces its origins and charts its history from its humble beginnings to its respected status today.

Take an inside look into the creative world of masters of the science fiction and fantasy art genre.

A cosmic game has begun. And Lone Sloane is the pawn they all want to play. Traveling alone in the cosmos, Sloane, a solitary interstellar explorer has become imbued with mystical powers. He finds himself escaping one power-seeking madman only to be captured by another. Follow Sloane through six unpredictable Lovecraftian journeys from space pirates, dragons, to ancient Gods.

From conception to finished picture, this book provides a comprehensive approach to the art of science fiction. You will discover how to convert your imaginings into dynamic imagery.

NPR Best Books of 2018 A teen girl and her robot embark on a cross-country mission in this illustrated science fiction story, perfect for fans of Ready Player One and Black Mirror. In late 1997, a runaway teenager and her small yellow toy robot travel west through a strange American landscape where the ruins of gigantic battle drones litter the countryside, along with the discarded trash of a high-tech consumerist society addicted to a virtual-reality system. As they approach the edge of the continent, the world outside the car window seems to unravel at an ever faster pace, as if somewhere beyond the horizon, the hollow core of civilization has finally caved in.

Vintage Comic Coloring Book - Science Fiction - Volume 2 For Lovers Of 1930s to 1960s Vintage Comic For those who love the vintage comic art of the mid 20th Century, this coloring book is part of a series of coloring books which showcases images from that period. All images in this book are derived, restored and modified from original images originally produced in the 1930's to the 1960's. Enjoy hours of relaxation and satisfaction as you color your way through this book. This coloring book would make a perfect gift for those who love the vintage comics of the mid 20th Century so why not give someone a relaxing experience that will last for many hours. Each coloring page should take between 30 minutes to 60 minutes to complete (depending on skill level), so that is 20+ hours of entertainment! Important Information: These are complex coloring challenges, so they are only suitable for adult coloring skill levels. Because the coloring pages are derived from original works of art, there will be some imperfections in the coloring pages that carry over from the original images. These are left to honor the original artwork and help create a sense of the original vintage art. All the black areas of the coloring pages come pre-filled as solid black so that you can easily see the subjects in the image. Please insert a thin sheet of card beneath the coloring page when you color, to stop the next coloring page being damaged with too much pressure from the coloring. These books are not suitable for painting, they are only suitable for dry coloring with coloring pencils as the paper will bleed and sag with wet materials. Please feel free to photocopy pages and color them if you want to practice, this is strictly for your own personal use, they must not be re-distributed in any way. Dimensions: Large paperback book US letter size (8.5" x 11") (21.59cm x 27.59cm) Approximately A4 size Glossy cover 40 black and white coloring pages 40 blank pages Copyright: all copyright is reserved on these fully restored and adapted derivatives of the original artwork.

Dick Jude, author of the previous book, brings together the work of 10 more of the brightest talents in the business, who once more give us an insight into their working methods and inspirations. Some of the press comments on Fantasy Art of the New Millennium - 'Apart from the sheer pleasure of gazing, there's a lot to be learned in this superior graphics treasury. Beautiful images, superbly reproduced.' Time Out'... book full of wonder. It's a brilliant look at artwork, past, present and future and if you don't have it, add it to your Christmas list now.' Starburst '... beautiful book, packed with enormous, lavish illustrations from each of the artists involved... affords a glimpse into the minds of many of the genre's finest painters and illustrators and it'll look great on your coffee table.'
