A reliable mortgage broker is in constant demand and never short on business in any economic condition. According to the U.S. Department of Labor, the average income of mortgage brokers is \$43,210. The mortgage brokering business is one of the fastest growing occupations in America today, yet the financial success rate for these new brokers is dismal. It is estimated that less than 30 percent of new mortgage brokers ever become financially successful. Virtually all mortgage brokers are paid strictly on commission, so there is little motivation for the company to help you succeed. You need the proper training to be prepared. This new book will provide you with a road map to financial success. You will learn how NOT to make the big mistakes most new brokers make, how to put a loan package together, how to find borrowers, how and what to charge, how to guarantee your fee, how to make buyers and sellers happy, and how to quickly and easily locate the best deals for your customers. Additionally, this book provides you with information on licensing and exam fees, the expenses of doing business, your vehicle and insurance coverage, sales techniques, simple methods to get hundreds of referrals, software programs that make running your business effortless, the private mortgage segment, the commercial market, secrets to using the Internet, realtors, online tools and ideas, mortgage technology tips, Internet leads, building partnerships, and much more. We also spent thousands of hours interviewing, e-mailing, and communicating with hundreds of today's most successful mortgage brokers. This book is a compilation of their secrets and proven, successful ideas. If you are interested in learning hundreds of hints, tricks, and secrets on how to earn a high, consistent income as a broker, this book is for you. Throughout history, innovators have disrupted existing financial services norms to change the landscape of the marketplace. Disruptive Fintech briefly traces fractional reserves, the creation of bank currency that traded at a premium to bullion value, central bank regulation, securitization of assets and loans, the current state of digital currency and electronic payments. The author then looks toward the future of fintech and the forces of disruption that will change the landscape of financial life as we know it. Using over 100 interviews with thought leading CEOs, this book develops a methodology to identify financial services that are ripe for innovation and discusses how innovative thinking can be used as a disruptive weapon to attack incumbents and create effective new fintech models. The book discusses How to relate historical innovations and disruptions in financial services to the current landscape How to follow a process to identify the threats facing incumbent processes and businesses, and how innovative thinking can be used as a disruptive weapon to attack incumbents and create effective new fintech models How many fintech innovations will be constructed by re-arranging or re-purposing existing core processes In this insightful book, author James Deitch, CPA CMB, argues that some of today's high-flying fintech innovators will flourish, but many may perish as the fire of innovation consumes those fintechs that are slow to monetize their promises.
