Sex And

This collection of essays considers the place of magic in the modern world, first by exploring the ways in which modernity has been defined in explicit opposition to magic and superstition,

Online Library

Sex And

and then by
illuminating how
modern
proponents of
magic have
worked to
legitimize their
practices
through an overt
embrace of
evolving forms
such as
esotericism and
supernaturalism.

Online Library

Sex And

Taking a two-track approach, this book explores the

complex dynamics of the

construction of the modern self and its relation to the modern preoccupation with magic.

Essays examine how modern

how proponents of both magical and scientific traditions

Maid (Trix,

discovering her

sexuality)

Mother (Robyn,

mother of two,

Online Library

finding herself
after a broken
marriage) and
Crone (Scarlett
Woman, the
leader of
Babalon) - this
is a story of
power and
empowerment:
where personal,
sexual and
political power
comes from,

Online Library

Sex And

where it intersects and how different women come into their power in different ways. It also considers the difficulties inherent in an organisation paying lip service to inclusivity, and

Online Library

the dynamics of power in an organisation run by a woman who considers herself the conduit for a goddess. Trix leaves her small Irish village to come to University in London.

Recruited into

But Trix is

Yet when she

Scarlett Woman,

creates a

of Babalon at

power of Babalon

The character of

is best known as

and his friend,

to bring the
