Places the events of the play in historical context and discusses each act in detail. Includes study questions and answers along with topics for papers and sample outlines.

Shakespeare and Text is built on the research and experience of a leading expert on Shakespeare editing and textual studies. The first edition has proved its value as an indispensable and unique guide to its topic. It takes Shakespeare readers to the very foundation of his work, explaining how his plays first took shape in the theatre where writing was part of a larger collective enterprise. The account examines the early modern printing industry that produced the earliest surviving texts of Shakespeare's plays. It describes the roles of publisher and printer, the controls exerted through the Stationers' Company, and the technology of printing. A chapter is devoted to the book that gathered Shakespeare's plays together for the first time, the First Folio of 1623. Shakespeare and Text goes on to survey the major developments in textual studies over the past century. It builds on the recent upsurge of interest in textual theory, and deals with issues such as collaboration, the instability of the text, the relationship between theatre culture and print culture, and the book as a material object. Later chapters examine the current critical edition, explaining the procedures that transform early texts in to a very different cultural artefact, the edition in which we regularly encounter Shakespeare. The new revised edition, which builds on Jowett's research for the New Oxford Shakespeare, engages with scholarship of the past decade, work that has transformed our understanding of textual versions, has opened up the taxonomy of Shakespeare's texts, and has significantly extended the picture of Shakespeare as a co-author. A new chapter describes digital text, digital editing, and their interface with the traditional media.

"All the world's a stage", William Shakespeare wrote, "And all the men and women merely players." Sit back as the curtain goes up on the dramas, sonnets, and life of one of the greatest writers in the English language. Shakespeare wrote or contributed to more than 40 plays, ranging from romantic comedies to the profound tragedy King Lear, as well as 154 sonnets. The Shakespeare Book has visual plot summaries of each one, with diagrams to show the intricate web of relationships in plays such as A Midsummer's Night Dream. Commentaries explain Shakespeare's sources and set each drama in context, revealing, for instance, how the warring Protestants and Catholics of his day are mirrored in Romeo and Juliet's Montagues and Capulets. Written in plain English and packed with graphics and illustrations, The Shakespeare Book illumines the Bard's world - his marriage, businesses, and friends - and explains how his works became an enduring phenomenon. Whether you need a guide through complex plots and unfamiliar language, or you're looking for a fresh perspective on his well-loved plays and sonnets, this indispensable guide will help you fully appreciate Shakespeare, the man, and the writer. Reviews: "Generous helpings of illustrations, time lines, plot diagrams, and character guides ensure that even readers in their 'salad days' will enjoy every dish at the Shakespearean feast." - Booklist "Enlightening" - YA Book Central "In this latest addition to the series, the Bard comes alive for young aficionados." - School Library Journal "Countless volumes have been written about William Shakespeare and his work, but here is a single volume that has organized his plays (and some of his sonnets) in exactly what the subtitle says: 'Big Ideas Simply Explained...a must-have.'" - VOYA magazine

A tragedy written early in the career of playwright William Shakespeare about two young 'star-crossed lovers' whose deaths ultimately unite their feuding families. It was among Shakespeare's most popular plays during his lifetime and is one of his most frequently performed plays. Today, the title characters are regarded as archetypal young lovers. She is only fourteen, he is only a few years older. Their families are bitter enemies, sworn to hatred. Yet Romeo and Juliet meet and fall passionately in love. Defying their parents' wishes, they are secretly married, but their brief happiness is shattered by fate.

In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, *The Guardian* 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, *The Financial Times*

The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.
