Featuring over 1,300 full-color illustrations, this atlas is a comprehensive, hands-on guide to more than 100 medical procedures most commonly performed in an office setting. The book presents step-by-step instructions and illustrations for each procedure and discusses strategies for avoiding common pitfalls. Each chapter includes ordering information for necessary equipment or supplies, CPT codes, ICD-9 codes, global

concise, and defensible patient/client care notes using a variety of tools, including SOAP notes. This is the ideal resource for any health care professional needing to learn or improve their skills—with simple, straight forward explanations of the hows and whys of documentation. It also keeps pace with the changes in Physical Therapy practice today, emphasizing the Patient/Client Management and WHO's ICF model.
