The textbook "Principles of Mathematical Economics" was written for both undergraduate students in economics, and related fields, such as business, and MA or MS level graduate students. Given the length of the text, almost 530 pages, including solutions to exercises was not feasible. Hence, a separate solutions manual was prepared, providing step-by-step solutions to a large number of exercises, an important feature of the text, that appear at the end of many sections of the book.
