The accounting cycle is best learned by doing. Thus, the goal of this accounting simulation is to provide the student with a hands-on approach to learning the accounting cycle--from analyzing and journalizing transactions and events to financial statement preparation and end-of-period closing. If completed manually, this simulation may take 10 - 14 hours to complete. Alternatively, the student may use computerized accounting packages such as Simply Accounting by Sage, QuickBooks®, MYOB®, etc.

This successful book continues to provide accountants with an understanding of the fundamental concepts necessary to use accounting effectively. The sixth edition offers new discussions on IFRS, including new codification numbers, examples of IFRS financial statements, and additional exercises. A look at more recent frauds such as the Bernie Madoff scandal have been added. Enhanced discussions of ethics and international accounting are presented. The coverage of non-cash items and their impact on decision making has been expanded. In addition, comprehensive case studies and problems help accountants tie the material together.

NCERT Textbooks play the most vital role in developing student ' s understanding and knowledge about a subject and the concepts or topics covered under a particular subject. Keeping in mind this immense importance and significance of the NCERT Textbooks in mind, Arihant has come up with a unique book containing Questions-Answers of NCERT Textbook based questions. This book containing solutions to NCERT Textbook questions has been designed for the students studying in Class XI following the NCERT Textbook for Accountancy. Recording of Transactions-II, Bill of Exchange, Bank Reconciliation Statement, etc whereas Part B covers Financial Statements-I, Accounts from Incomplete Records, Applications of Computers in Accounting, Computerized Accounting System, etc. This book has been worked out with an aim of overall development of the students in such a way that it will help students define the way how to write the answers of the textbook based questions. The book covers selected NCERT Exemplar Problems which will help the students understand the type of questions and answers to be expected in the Class XI Accountancy Examination. Also each chapter in the book begins with a summary of the chapter which will help in effective understanding of the theme of the chapter and to make sure that the students will be able to answer all popular questions concerned to a particular chapter whether it is Long Answer Type or Short Answer Type Question. The book has been designed systematically in the simplest manner for easy comprehension of the chapters and their themes. For the overall benefit of students the book has been designed in such a way that it not only gives solutions to all the exercises but also gives detailed explanations which will help the students in learning the concepts and will enhance their thinking and learning abilities. As the book has been designed strictly according to the NCERT Textbook of Accountancy for Class XI and contains simplified text material in the form of class room notes and answers to all the questions in lucid language, it for sure will help the Class XI students in an effective way for Accountancy.

Weygandt helps corporate managers see the relevance of accounting in their everyday lives. Challenging accounting concepts are introduced with examples that are familiar to them, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY) feature as well as the Accounting Across the Organization (AAO) boxes that highlight the impact of accounting concepts. With these features, corporate managers will learn the concepts and understand how to effectively apply them.
