Unfortunately, half the pirates and bounty hunters in the galaxy have the same idea, and they're more than happy to take the girl by force. With their experimental new ship plagued by problems, a deranged space-warlord determined to watch Cal eating his own arm, and a whole lot of galaxy to get through, Space Team is about to embark on its most dangerous mission yet. The Snarkiest Sci-Fi Series in the Galaxy is Back! After saving an alien race and its god from a sentient zombie virus, Cal Carver and the crew of the Dread Ship Shatnrer are feeling pretty pleased with themselves. Unfortunately, the creator of the zombie virus is out for revenge, and has recruited the galaxy's deadliest - and oldest - assassin, Lady Vajazzle, to hunt Space Team down. But when Vajazzle discovers the crew is under the protection of a wolf-like species known as the Greyx, she is forced to implement a Plan B so diabolical it threatens to plunge the entire star system into chaos. With time running out, Cal must find a way to outmaneuver and outgun the galaxy's greatest killer before she murders his friends, butchers the Greyx, and buys the whole galaxy a one-way ticket to total annihilation. Featuring murderous senior citizens, a moon of death, and a pointy stick that could change the fate of the universe, Space Team: The Wrath of Vajazzle is the second relentlessly funny science fiction book in the bestselling Space Team series by award-winning author, Barry J. Hutchison.

She wants a normal life. He's from the very world she's trying to escape. Can their love overcome the odds, or will her past cost her lover his life? Siren Savage doesn't stay in one place for longer than six months. Nightmare creatures stalk her footsteps, and the gray-eyed man who controls them will do anything to claim her power for himself-the power to heal or kill with a single touch. She's accepted that constant running means she can never have a normal life, but when she meets Jace Winters, she finds herself wanting everything she knows she can't have. Old wounds have Jace staying as far away from Aspect-the power that runs in his family's bloodline-as possible. But when he meets Siren, a woman with more Aspect than any one person should be able to contain, he's incapable of turning down her plea for help-even if it means diving back into the very society he once swore he'd have nothing more to do with. Siren's tired of running, but her past is about to catch up to her, and it just might kill the only man she's ever slowed down long enough to love...

When small-time conman, Cal Carver, is thrown in jail and forced to share a cell with a semi-naked cannibalistic serial killer, he's pretty sure his day can't get any worse. Boy, is he wrong. It isn't until two-thirds of the human race is wiped out and Cal is mistakenly abducted by aliens that things really start to go downhill. Whisked across the galaxy, Cal is forced into a team of some of the sector's most notorious villains and scumbags and tasked with delivering a package to a warlord-run solar system where the authorities aren't venture. The mission should be simple enough, but as one screw-up leads to another the ragtag group of unwitting heroes find themselves in a frantic battle to save an entire alien civilization - and its god - from total annihilation.
