In the desire and quest to make sense of the world and our existence, three great sirens have lured men and women into a lull with the empty promise to make their lives meaningful. The great king of Israel, Solomon, though the wisest man, was not immune to their song. But at the end of his life, Solomon, in all of his God-given wisdom, stopped to contemplate on all that competed for his attention. He wrote his conclusions in the Book of Ecclesiastes. Tommy Nelson continues his study of Solomon's writings by taking an in-depth look at Ecclesiastes. In a world such as ours, where the search for meaning and purpose propels mankind to try everything under the sun, Solomon's conclusions ring louder than ever for a people who need answers more than ever.

At some point, we resign ourselves to living by the scripts and rhythms established by other people. Perhaps it's a parent. Maybe it's a pastor or a boss or a teacher. Maybe it's a mortgage or wedding date or that next pay raise. Wherever the source, today there is an ocean full of people living on the life rafts of what they were expected to do. If we look at the mirror, we might see ourselves on that life raft as well. In this five-session video study (DVD/digital downloads sold separately), bestselling author Bob Goff dares to ask the questions: What would you do if opinion, reason, or probability were no objects? What do you deeply desire to do even if it scares you to the marrow of your bones? What were you meant to do even if no other person thinks you should? He shares stories from the Bible that show how God called certain individuals to follow him—regardless of their lack of "qualifications"—and how those people changed the world when they dared to follow God's dreams for their lives. In the same way, God is calling us to step into the version of our lives that he intended for us before others told us it was impossible and once again dream big. If anyone knows how to live life to the fullest, it is Bob Goff. He has already dazzled readers and audiences with his crazy, audacious, live-out-loud approach and stories told in *Love Does* and *Everybody, Always*. Yet as unique as Bob might seem, he had to make his own choice to dream big. In this study, he will take participants on this journey he has already traveled and help them to rediscover the dreams God has for them and turn them into reality. *Dream Big* will help group members understand that God has a plan for their lives and provide a step-by-step road map to breaking through the barriers that are holding them back. Designed for use with the *Dream Big Video Study* (sold separately).
