An inspiring guide to saying thank you, one heartfelt note at a time. We all know that gratitude is good for us--but the real magic comes when we express it. Writer Gina Hamadey learned this life-changing lesson firsthand when a case of burnout and too many hours on social media left her feeling depleted and disconnected. In this engaging book, she chronicles how twelve months spent writing 365 thank-you notes to strangers, neighbors, family members, and friends shifted her perspective. Her journey shows that developing a lasting active gratitude practice can make you a happier person, heal complicated relationships, and reconnect you with the people you love--all with just a little bit of bravery at the mailbox. How can we turn an often-dreaded task into a rewarding act of self-care that makes us feel more present, joyful, and connected? Whether we're writing to a long-lost friend, a helpful neighbor, or a child's teacher, this inspiring book helps us reflect on meaningful memories and shared experiences and express ourselves with authenticity, vulnerability, and heart. Informed by Hamadey's year of discovery as well as interviews with experts on relationships, gratitude, and more, this deceptively simple guide offers a powerful way to jump-start your joy. Hamadey found herself thanking not only family members and friends, but less expected people in her sphere, including local shopkeepers, physical therapists, long-ago career mentors, favorite authors, and more. Once you get going, you might find yourself cultivating an active gratitude practice, too--one heartfelt note of thanks at a time.

Scholarship Strategies empowers students to be uniquely proactive towards their scholarship search process, enabling them to find more scholarships than with the traditional approach through the guidance and college offices at their schools. The current approach to finding scholarships to reduce college costs is not giving families the results they need. College costs continue to rise and so does student loan debt. As a recipient of an academic college scholarship as well as several outside scholarships, Jean O ' Toole was able to attend Wagner College, but she and her family still had to pay for the remainder of her education with student loans. A different approach is needed to provide families with different results. In Scholarship Strategies, Jean simplifies the scholarship application process in easy-to-follow steps which any student can incorporate into their already busy schedules. She provides students and parents with a clear plan to decipher which scholarships have the best chances of winning and should be applied to. This easy-to-follow, out-of-the-box approach was developed over a decade of working with thousands of students, giving students and families ownership of the scholarship search process to build on the efforts that their school counselors are already providing. A future can be designed without college debt, and Scholarship Strategies with its 25 clear strategies, along with 15 additional ways to reduce college costs, helps students live that future.
