In any given form of opposites or duality, the one that is judged inferior or lesser is the one that rules. When both sets of opposites are recognised and given equal value, the neurosis dies, not as a soldier dies in battle, but as a seed dies when it breaks its skin and opens up to a new form of life. This text argues that by seeing beauty in the world of duality, one awakens to singularity.

Do you have a communication issue? That is, you know what to do to be successful, but you just don't want to do it? If language is the problem, it is also the solution. The Code of Opposites (TCO) introduces an idea whose time has come: a newly revealed metalanguage to feel the resistance, choose peace, and emPower the NOW. Language is where your Power is. To transform, you must look at the story you tell. Activating a metalanguage - a language beyond all languages - allows you to track patterns, understand the purpose of your self-limiting creations, and be able to turn them off. Cracking this code reveals depths of meaning that animate the soul of all wisdom teachings. The codes are so awesome

they naturally raise your vibrational field to the sense of enough by which to resonate with oneness. Radical? Crazy? You betcha! Especially as this ancient language that came back from the future renamed itself "S/Hebrew," to sanctify the union of the feminine and the masculine. Imagine yourself... \* Processing trauma by realizing that mysticism may just be the only proven track to healing. \* Having a unifying equation to explore the shadow, and stretch beyond fear into the sacred. \* Doing what it takes to raise your self-esteem, and trust yourself in your chosen calling. \* Moving out of "ScareCity" by being real enough to know what you want, and ask for it in such a way that you might receive it.

Book 2 of The Code of Opposites (TCO for short) furthers the mission to heal our power issues, and thus shift from the ego's need to dominate into the adoption of wholesome power. While Book 1 focuses on "no push-pull," Book 2 looks at "no self-doubt." Imagine experiencing 100% faith and having total certainty that you can [fill in the blank]... Would that be a valuable change? Yes, but how? Language is where your Power is. To transform, you must look at the story you tell. Activating a metalanguage – a language beyond all languages – allows you to track patterns, understand the purpose of your self-limiting creations, and be able to turn them off. Cracking this code reveals depths of meaning that animate the soul of all wisdom teachings. The codes are so awesome they naturally raise your vibrational field to the sense of enough by which to resonate with oneness. Radical? Crazy? You betcha! Especially as this ancient language that came back from the future renamed itself "S/Hebrew," to sanctify the union of the feminine and the masculine. Imagine yourself... \* Processing trauma by realizing that mysticism may just be the only proven track to healing. \* Having a unifying equation to explore the shadow, and stretch beyond fear into the sacred. \* Doing what it takes to raise your self-esteem, and trust yourself in your chosen calling. \* Moving out of "ScareCity" by being real enough to know what you want, and ask for it in such a way that you might receive it.

This text is a rare medieval alchemical treatise, scattered throughout with insights relevant to the process of individuation in modern men and women. Reputed to be the last work of St Thomas Aquinas, it bears out Jung's view that the traditional practice of alchemy is best understood symbolically.

Adam (a.k.a. Zed) Avery is the hub around which the spokes of Loud Whisper revolve. Sexy, impulsive, reckless, he is the dedicated leader of a Southern California rock band in the 1980s called The Spacs. Beneath his defiant veneer lies a sensitive, literate, generous individual. The product of an upper middle class family, Adam is never content for long with the numerous obsessions that occupy him—including drugs. The members of The Spacs include Danny Devil, Adams school friend and the leveling influence on the band; Davey Dynamite, the Hispanic keyboard player; Adrian Cocksure, the sexy bass player; and Brenda Cashew, the alcoholic lead singer until Adam replaces her in that position. Other key characters are Mark and Melanie, Adams lovers, and Henry Langford, the reporter from the national music magazine, Nitty-Gritty. The Spacs had begun to achieve national prominence when, at a concert at The Forum, drugged and lacking self-confidence, Adam falls from the stage, paralyzing himself from the neck down with, doctors say, no more than a ten per cent chance of his walking again. The novel opens with this concert and quickly moves into Marks story. Langford has come to interview him for a feature article on Adam and The Spacs. The following chapters tell Adams story through interviews with the other band members and Melanie, so that the point of view changes with each chapter. Then the focus switches to Adam in the hospital and his long struggle to recover and eventually return to the music business. The theme is recovery from drug addiction and a self-destructive life style and from the paralyzing accident caused in part by the addiction. Love is also a theme which, combined with determination and a spiritual awakening, allows Adam to pursue his recovery and return to the stage, so that the novel ends on an upbeat note, despite the harrowing experiences its central character has gone through.

Also available in an open-access, full-text edition at <http://oaktrust.library.tamu.edu/handle/1969.1/86080> The black sun, an ages-old image of the darkness in individual lives and in life itself, has not been treated hospitably in the modern world. Modern psychology has seen darkness primarily as a negative force, something to move through and beyond, but it actually has an intrinsic importance to the human psyche. In this book, Jungian analyst Stanton Marlan reexamines the paradoxical image of the black sun and the meaning of darkness in Western culture. In the image of the black sun, Marlan finds the hint of a darkness that shines. He draws upon his clinical experiences—and on a wide range of literature and art, including Goethe's Faust, Dante's Inferno, the black art of Rothko and Reinhardt—to explore the influence of light and shadow on the fundamental structures of modern thought as well as the contemporary practice of analysis. He shows that the black sun accompanies not only the most negative of psychic experiences but also the most sublime, resonating with the mystical experience of negative theology, the Kabbalah, the Buddhist notions of the void, and the black light of the Sufi Mystics. An important contribution to the understanding of alchemical psychology, this book draws on a postmodern sensibility to develop an original understanding of the black sun. It offers insight into modernity, the act of imagination, and the work of analysis in understanding depression, trauma, and transformation of the soul. Marlan's original reflections help us to explore the unknown darkness conventionally called the Self. Mysterium Coniunctionis was first published in the Collected Works of C.G. Jung in 1963. For this second edition of the work, numerous corrections and revisions have been made in cross-references to other volumes of the Collected Works now available and likewise in the Bibliography. Mysterium Coniunctionis was Jung's last work of book length and gives a final account of his lengthy researches in alchemy. It was Jung's empirical discovery that certain key problems of modern man were prefigures in what the alchemists called their 'art' or 'process'. Jung maintained that 'the world of alchemical symbols does not belong to the rubbish heap of the past, but stands in a very real and living relationship to our most recent discoveries concerning the psychology of the unconscious'. The volume includes ten plates, a Bibliography, an Index, and an Appendix of original Latin and Greek texts quoted in the work.

Full of psychological and spiritual insights that speak to today's sexual confusion. Singer shows how a person can at once embrace complementary and contradictory attitudes toward sex and gender. Finally, she proposes a range of choices by which people can identify themselves, secure that the masculine/feminine interaction within each individual is not
